

NAKED BRAND GROUP LIMITED
28,571,431 Ordinary Shares

Pursuant to this prospectus supplement and the accompanying base prospectus, we are offering directly to certain institutional and accredited investors an aggregate of 28,571,431 ordinary shares at a public offering price of \$0.07 per share. In addition, each of the investors in this offering will receive, in a concurrent private placement, warrants (the "Warrants") to purchase up to 100% of the aggregate number of shares purchased by such investor. The Warrants have an exercise price per share equal to \$0.07. The Warrants will be immediately exercisable and will expire five and one-half years from the date of issuance. The Warrants and the ordinary shares issuable upon the exercise of the Warrants (the "Warrant Shares") are being offered pursuant to the exemptions provided in Section 4(a)(2) under the Securities Act of 1933, as amended (the "Securities Act") and Rule 506(b) promulgated thereunder, and they are not being offered pursuant to this prospectus supplement and the accompanying prospectus. There is no established public trading market for the Warrants and we do not expect a market to develop. In addition, we do not intend to list the Warrants on the Nasdaq Capital Market, any other national securities exchange or any other nationally recognized trading system.

Concurrently with this offering, we also are offering 57,142,857 ordinary shares to certain of our suppliers at a purchase price of \$0.07 per share, to be paid through the cancellation of trade payables and the establishment of prepayment credits in an amount equal to \$4,000,000 (the aggregate purchase price). The offering to our suppliers is being made pursuant to a separate prospectus supplement to the same registration statement of which this prospectus supplement forms a part. In addition, we have agreed to reduce the exercise price of the outstanding warrants held by certain of the investors in this offering, effective as of the closing of this offering. The warrants subject to this reduction consist of warrants to purchase up to 18,550,000 ordinary shares at an exercise price of \$0.10 per share that expire in October 2021, June 2023 and January 2025. The exercise price of these warrants will be reduced to \$0.07 per share. The remaining terms of these warrants, including the expiration date, will continue in effect.

Our ordinary shares are listed for trading on the Capital Market of the Nasdaq Stock Market ("Nasdaq"), under the symbol "NAKD." On August 14, 2019, the last reported sales price of our ordinary shares was \$0.078. Our warrants are not listed for trading on any market. The aggregate market value of our outstanding voting and nonvoting common equity held by non-affiliates is approximately \$34.6 million, based on a last sale price of \$0.2799 per share of our ordinary shares on June 17, 2019 and 123,476,354 outstanding ordinary shares held by non-affiliates. As of the date hereof, excluding the securities offered hereby, \$4,081,825 of our securities have been sold pursuant to General Instruction I.B.5 of Form F-3 during the preceding 12 months.

We have retained H.C. Wainwright & Co., LLC as the placement agent for this offering. The placement agent is not purchasing or selling any shares offered hereby, nor is it required to arrange for the purchase or sale of any specific number or dollar amount of shares, but it has agreed to use its reasonable best efforts to arrange for the sale of all of the shares. We have agreed to pay the placement agent fees in cash in an amount equal to 8% of the aggregate proceeds of this offering and to issue to the placement agent or its designees warrants exercisable for a number of ordinary shares equal to 8% of the aggregate shares sold in this offering, in each case excluding sales to certain specified investors. Because there is no minimum amount of shares that must be sold as a condition to closing this offering and the placement agent fees vary based on the identity of the investors, the placement agent fees and the proceeds to us are not presently determinable and may be substantially different than the amounts set forth below, which assume the sale of all of the shares offered hereby, with the placement agent receiving a fee on all such sales.

	Per Ordinary Share	Total
Purchase Price	\$ 0.070	\$ 2,000,000
Placement agent fees(1)	\$ 0.006	\$ 160,000
Proceeds to us, before offering expenses(2)	\$ 0.064	\$ 1,840,000

(1) We have also agreed to reimburse the placement agent for out-of-pocket accountable expenses incurred by it in connection with this offering, up to a maximum of \$40,000. See "Plan of Distribution" for a more complete description of the compensation payable to the placement agent.

(2) The amount of the offering proceeds to us presented in this table does not give effect to the sale or exercise, if any, of the Warrants being issued in the concurrent private placement or the warrants being issued to the placement agent.

Investing in our securities involves risks. See "Risk Factors" beginning on page S-9 to read about factors you should consider before buying our securities.

Neither the Securities and Exchange Commission nor any state or foreign securities commission has approved or disapproved of these securities or determined if this prospectus supplement is truthful or complete. Any representation to the contrary is a criminal offense.

Delivery of the shares offered hereby is expected to take place on or about August 19, 2019, subject to satisfaction of certain conditions.

We operate in the highly competitive specialty retail business. We are a designer, distributor, wholesaler, and retailer of women's and men's intimate apparel, as well as women's swimwear. Our merchandise is sold through company-owned retail stores in Australia and New Zealand; through online channels; and through wholesale partners in Australia, New Zealand, the United States and Europe.

We have seven reportable segments:

- *New Zealand Retail*: This segment covers retail and outlet stores located in New Zealand.
- *Australia Wholesale*: This segment covers the wholesale of intimates apparel to customers based in Australia.
- *New Zealand Wholesale*: This segment covers the wholesale of intimates apparel to customers based in New Zealand.
- *U.S. Wholesale*: This segment covers the wholesale of intimates apparel to customers based in the United States.
- *Europe Wholesale*: This segment covers the wholesale of intimates apparel to customers based in Europe.
- *E-commerce*: This segment covers the Company's online retail activities.

In addition, we continually explore new ways to expand its business, including through the use of new technologies, such as blockchain technology. We are presently evaluating how these new technologies may be leveraged in the retail fashion industry. For instance, blockchain technology might be used in the future to create highly efficient end-to-end operations from suppliers to consumers and also to provide low cost trade finance for market participants through blockchain trading platforms. However, we have not yet established the feasibility of, or taken any steps to progress the use of, blockchain technology in our business.

Our iconic brands, including Heidi Klum Intimates and Swimwear and Frederick's of Hollywood Intimates and Swimwear, have come to represent a unique lifestyle across its targeted customers. Our brands allow us to target markets across the economic spectrum, across demographics and across the world. We believe our flagship brands and prominent, highly-recognized creative directors provide us with a competitive advantage.

In-Store Experience and Store Operations

We view our customers' in-store experience as an important vehicle for communicating the image of each brand. We utilize visual presentation of merchandise, in-store marketing and our sales associates to reinforce the image represented by the brands. Our in-store marketing is designed to convey the principal elements and personality of each brand. The store design, furniture, fixtures and music are all carefully planned and coordinated to create a unique shopping experience. Every brand displays merchandise uniformly to ensure a consistent store experience, regardless of location. Store managers receive detailed plans designating fixture and merchandise placement to ensure coordinated execution of the company-wide merchandising strategy. Our sales associates and managers are a central element in creating the atmosphere of the stores by providing a high level of customer service.

Product Development, Sourcing and Logistics

We believe a large part of our success comes from frequent and innovative product launches, as well as launches of new collections from our existing brands. Our merchant, design and sourcing teams have a long history of bringing innovative products to our customers. Our key vendor partners are industry leaders in both innovation and social responsibility. We work closely together to form a world class supply chain that is dynamic and efficient.

Highly Experienced Leadership Team

Our management team is led by Justin Davis-Rice, Executive Chairman, who joined Bendon in 2011 and is responsible for leading our revenue growth. Prior to joining Bendon, Mr. Davis-Rice co-founded Pleasure State. Anna Johnson, Chief Executive Officer, brings to us a track record of over 25 years' experience driving growth across a number of industries, including consumer electronics, outdoor adventure and intimate apparel. The rest of our senior management team has a wealth of retail and business experience at Gazal, Specialty Fashion Group, and Pleasure State. We have developed a strong and collaborative culture aligned around our goals to create the most sensual, functional and comfortable lingerie and underwear for women and men all over the world.

Recent Developments

On February 14, 2019, Carole Hochman resigned from the board of directors and as our Executive Chairman, and from all other positions she held with our subsidiaries. Ms. Hochman's resignation was for personal reasons, and was not due to any disagreement with us or our management on any matter relating to our operations, policies or practices (financial or otherwise).

In March 2019, we issued 1,400,000 ordinary shares and 1,400,000 warrants to purchase ordinary shares (the "Consultant Warrants") to a service provider in exchange for services. We sometimes refer to this issuance of ordinary shares and warrants as the "March Consultant Issuance." The Consultant Warrants have an exercise price of US\$0.50 and expire two years from the date of issuance. The exercise price and the number of shares covered by the Consultant Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole.

On March 27, 2019, we closed on the following share issuances (the “March Financing Issuances”).

- (1) NZ\$6.60 million/US\$4.50 million related to the issue of 11,248,415 ordinary shares to trade creditors in satisfaction of trade payables due to them, at an effective per share price of US\$0.40.
- (2) NZ\$1.25 million/US\$0.85 million related to the issue of 2,119,178 ordinary shares to the holder of one of our outstanding promissory notes in the amount of US\$847,671, at an effective per share price of US\$0.40 per share.
- (3) NZ\$1.69 million/US\$1.15 million related to the issue of 4,510,588 ordinary shares to investors in a private placement at a share price of US\$0.255. The investors also received warrants (the “Other March Warrants”) to purchase 100% of the number of ordinary shares for which they had subscribed. The Other March Warrants have an exercise price of US\$0.306 and expire two years from the date of issuance. The exercise price and the number of shares covered by the Other March Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole.
- (4) NZ\$4.05 million/US\$2.75 million relating to the issue of 10,784,313 ordinary shares to certain accredited investors at an agreed per share price of US\$0.255, except that, to the extent an investor would beneficially own more than 9.9% of our outstanding ordinary shares after the closing, we agreed to issue the investors a “pre-funded” warrant to purchase ordinary shares (a “March Pre-Funded Warrant”) in lieu of such shares. Each investor also received an “investment” warrant to purchase 100% of the number of ordinary shares for which it had agreed to subscribe (a “March Investment Warrant”). We sometimes refer to the March Pre-Funded Warrants and the March Investment Warrants collectively as the “March Warrants.” As a result, we issued 3,914,846 ordinary shares, March Pre-Funded Warrants to purchase 6,869,467 ordinary shares and March Investment Warrants to purchase 10,784,313 ordinary shares to the investors at the closing. The March Investment Warrants have an exercise price of US\$0.306 per share and expire five years from the date of issuance. The March Pre-Funded Warrants have an exercise price of US\$0.01 per share and expire five years from the date of issuance. The exercise price and number of shares covered by the March Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole. If the exercise price of the March Warrants is higher than the last closing bid price of the ordinary shares, the March Warrants may be exercised on a cashless basis for a number of shares equal to the Black-Scholes value of the portion of the warrant being exercised (as calculated in accordance with the March Warrants), divided by the closing bid price as of two business days prior to the exercise date (but not less than US\$0.10). The March Warrants may not be exercised to the extent the holder and its affiliates would beneficially own more than 9.9% of our outstanding ordinary shares after such exercise. In July and August 2019, the holders of the March Pre-Funded Warrants exercised such warrants in full, resulting in the issuance of 6,869,467 shares, and the holders of the March Investment Warrants exercised them as to 9,078,877 on a cashless basis, resulting in the issuance of 19,586,048 ordinary shares.

On April 2, 2019, the board of directors appointed Anna Johnson as our Chief Executive Officer. Previously Ms. Johnson was Chief Executive Officer of Bendon Limited, the main operating entity within the Company. In connection with Ms. Johnson’s appointment, Justin Davis-Rice was appointed as Executive Chairman and resigned as our Chief Executive Officer.

Effective on May 13, 2019, we completed a private placement of a Secured Convertible Promissory Note (the “Note”) to St. George Investments LLC (the “Noteholder”) for a purchase price of US\$3,000,000, pursuant to a Securities Purchase Agreement (the “NSPA”) of even date (the “May Note Issuance”). Pursuant to the NSPA, the Note was sold with an original issue discount of the US\$300,000 and we paid US\$20,000 of the Noteholder’s expenses, which amount was added to the principal balance of the Note. Accordingly, the Note had an initial principal balance of US\$3,320,000. The NSPA includes certain customary representations and warranties and covenants. In addition, we agreed that, so long as the Note is outstanding, we will not issue any debt instrument or incur any debt, subject to certain exceptions, including an exception for any debt incurred from a bank. The Note accrues interest at a rate of 10% per annum, compounded daily, and matures on November 13, 2020. We have the right to prepay the Note, subject to a 15% premium. The Note is secured by a second priority security interest in all our assets and is subordinated to the Company’s existing senior secured credit facility with the Bank of New Zealand (the “Bank” or “BNZ”). The Noteholder has the right to convert the Note into Naked Ordinary Shares at a conversion price of US\$0.90 per share, subject to adjustment for subdivisions or combinations of the Ordinary Shares. The Noteholder also has the right, beginning on December 13, 2019, to cause us to redeem any portion of the Note, up to a maximum of US\$400,000 per month.

On May 14, 2019, we closed on NZ\$2.17 million/US\$1.5million share issuance of 6,000,000 Naked Ordinary Shares to an investor in a private placement at a share price of US\$0.25 (the “May Share Issuance”). The investor also received warrants to purchase 1,000,000 Naked Ordinary Shares. The warrants have an exercise price of US\$0.25, subject to adjustment, and expire two years from the date of issuance.

On May 16, 2019, we issued 653,595 Ordinary Shares in exchange for the cancellation of US\$200,000 in debt held by a shareholder, or an effective purchase price of US\$0.306 per share (the “May Debt Exchange”).

On June 27, 2019, we announced that we had appointed Australian firm Allunga Advisory to explore certain opportunities to strategically divest one or more of the brands in our portfolio as part of a strategic new direction for our company. We have not set a timetable for the strategic process nor has it made any decisions relating to any strategic alternatives at this time, and no assurance can be given as to the outcome of the process.

On July 6, 2019, we announced that David Adams had been appointed Interim Chief Financial Officer.

On July 23 and 24, 2019, we closed on the following transactions (the “July Transactions”):

- We sold 25,068,250 ordinary shares in a registered direct offering to certain of our suppliers at a price of \$0.10 per share. The purchase price was paid through the cancellation of trade payables due to the suppliers in an amount equal to the aggregate purchase price, or \$2,506,825.
- We sold 15,750,000 ordinary shares in a registered direct offering to certain institutional and accredited investors at a price of \$0.10 per share. The investors also received, in a concurrent private placement, warrants to purchase up to 15,750,000 ordinary shares, representing 100% of the aggregate number of ordinary shares purchased by such investors, at an exercise price of \$0.10 per share. H.C. Wainwright & Co., LLC acted as the placement agent for the offering and the private placement to the institutional and accredited investors. We paid H.C. Wainwright & Co., LLC an aggregate cash fee of \$126,000 and issued to its designees warrants to purchase an aggregate of 1,260,000 Ordinary Shares at an exercise price of \$0.125 per share.
- Effective as of the closing of these offerings, the exercise prices of certain outstanding warrants to purchase 2,800,000 ordinary shares held by one of the institutional and accredited investors were reduced to \$0.10 per share. The exercise prices had previously ranged from \$1.55 to \$3.75.

On July 31, 2019, we appointed Kelvin Fitzalan as a member of our board of directors.

Our senior secured credit facility with the Bank matures on August 31, 2019 and discussions are continuing to extend the facility beyond that point. We have breached banking covenants under our credit facility with the Bank. As at October 31, 2018, there was a breach in minimum gross EBITDA ratio. There was a subsequent breach of the minimum gross EBITDA ratio to March 31, 2019, a breach of the receivables ratio to April 30, 2019 and a breach of the inventory ratio to July 31, 2019. The covenants were reset at April 30, 2019. The Bank has advised that they are currently taking these breaches under review.

Corporate Information

Our principal and registered office is located at Building 7B, Huntley Street, Alexandria, NSW 2015, Australia, and our telephone number is +61 2 9384 2400. Our agent for service of process in the United States is Graubard Miller, our U.S. counsel, located at The Chrysler Building, 405 Lexington Avenue, New York, New York 10174. Our corporate website is located at www.nakedbrands.com. The information on our website shall not be deemed part of this registration statement.

Emerging Growth Company

We are an “emerging growth company”, as defined in the Jumpstart Our Business Startups Act (the “JOBS Act”). As an emerging growth company, we are eligible, and have elected, to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies. These include, but are not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and reduced disclosure obligations regarding executive compensation (to the extent applicable to a foreign private issuer).

We could remain an emerging growth company until the last day of our fiscal year following the fifth anniversary of the consummation of our initial public offering. However, if our annual gross revenue is US\$1.07 billion or more, or our non-convertible debt issued within a three year period exceeds US\$1 billion, or the market value of our Ordinary Shares that are held by non-affiliates exceeds US\$700 million on the last day of the second fiscal quarter of any given fiscal year, we would cease to be an emerging growth company as of the last day of that fiscal year.

Foreign Private Issuer

We are a “foreign private issuer” as defined under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). As a foreign private issuer under the Exchange Act, we are exempt from certain rules under the Exchange Act, including the proxy rules, which impose certain disclosure and procedural requirements for proxy solicitations. Moreover, we are not required to file periodic reports and financial statements with Securities and Exchange Commission (the “SEC”) as frequently or as promptly as domestic U.S. companies with securities registered under the Exchange Act, and we are not required to comply with Regulation FD, which imposes certain restrictions on the selective disclosure of material information. In addition, our officers, directors, and principal shareholders will be exempt from the reporting and “short-swing” profit recovery provisions of Section 16 of the Exchange Act and the rules under the Exchange Act with respect to their purchases and sales of our Ordinary Shares.

The Nasdaq Listing Rules allow foreign private issuers, such as us, to follow home country corporate governance practices (in our case Australian) in lieu of the otherwise applicable Nasdaq corporate governance requirements. In accordance with this exception, we follow Australian corporate governance practices in lieu of certain of the Nasdaq corporate governance standards, as more fully described in our Annual Report on Form 20-F for the fiscal year ended January 31, 2019, which is incorporated herein by reference. See “*Where You Can Find Additional Information*” on page S-21.

Risks Affecting Our Company

In evaluating an investment in our securities, you should carefully read this prospectus supplement and especially consider the factors incorporated by reference in the section titled “*Risk Factors*” commencing on page S-9.

The exercise price of these warrants will be reduced to \$0.07 per share. The remaining terms of these warrants, including the expiration date, will continue in effect.</p>

Risk factors

See the section titled “*Risk Factors*” and the other information included in this prospectus supplement for a discussion of risk factors you should carefully consider before deciding to invest in our securities.

(1) The number of ordinary shares outstanding immediately after this offering is based on 125,231,731 ordinary shares outstanding as of August 14, 2019, assumes the sale of all the shares offered hereby, and excludes, as of such date:

- 32,348,024 ordinary shares underlying outstanding warrants;
- 3,688,889 ordinary shares issuable upon conversion of the Note;
- 4,000,000 ordinary shares reserved for issuance under our 2017 Long-Term Incentive Equity Plan;
- an aggregate of 28,571,431 ordinary shares underlying Warrants to be issued in a private placement concurrently with this offering with an exercise price of \$0.07 per share;
- an aggregate of 2,285,714 ordinary shares underlying the warrants to be issued to the placement agent and/or its designees in connection with this offering, which equals 8.0% of the shares offered and sold in this offering, at an exercise price of \$0.0875 per share; and
- 57,142,857 ordinary shares being publicly offered to certain of our suppliers, concurrently with this offering, at a purchase price of \$0.07 per share, to be paid through the cancellation of trade payables and the establishment of prepayment credits in an amount equal to \$4,000,000 (the aggregate purchase price).

Unless otherwise indicated, all information contained in this prospectus assumes no exercise of the Warrants or the placement agent warrants to be issued to the placement agent and/or its designees in connection with this offering.

RISK FACTORS

An investment in our securities involves a high degree of risk. Before investing in our ordinary shares, you should carefully consider the risk factors set forth below and in the accompanying base prospectus, together with the other information in this prospectus supplement, the accompanying base prospectus, and the information incorporated by reference herein and therein as set forth in our filings with the SEC, including our most recent Annual Report on Form 20-F filed with the SEC. If any of such risks or uncertainties occurs, our business, financial condition, and operating results could be materially and adversely affected. Additional risks and uncertainties not currently known to us or that we currently deem immaterial also may materially and adversely affect our business operations. As a result, the trading price of our Ordinary Shares could decline and you could lose all or a part of your investment.

Risks Related to the Offering

Our management will have broad discretion in the use of the net proceeds from this offering and may not use them effectively.

Our management will have broad discretion in the application of the net proceeds from this offering, and our shareholders will not have the opportunity as part of their investment decision to assess whether the net proceeds are being used appropriately. Because of the number and variability of factors that will determine our use of the net proceeds from this offering, their ultimate use may vary substantially from their currently intended use. The failure by our management to apply these funds effectively could harm our business. See “Use of Proceeds” on page S-12 of this prospectus supplement for a description of our proposed use of proceeds from this offering.

We will require additional capital funding, the receipt of which may impair the value of our ordinary shares.

Our future capital requirements depend on many factors. We will need to raise additional capital through public or private equity or debt offerings or through arrangements with strategic partners or other sources in order to continue to operate our business. There can be no assurance that additional capital will be available when needed or on terms satisfactory to us, if at all. To the extent we raise additional capital by issuing equity securities, our shareholders may experience substantial dilution and the new equity securities may have greater rights, preferences or privileges than our existing ordinary shares. For example, concurrently with this offering, we are publicly offering 57,142,857 ordinary shares to certain of our suppliers in satisfaction of up to \$4,000,000 in trade payables.

We do not intend to pay any dividends on our ordinary shares at this time.

We have not paid any cash dividends on our ordinary shares to date. The payment of cash dividends on our ordinary shares in the future will be dependent upon our revenue and earnings, if any, capital requirements, and general financial condition, as well as the limitations on dividends and distributions that exist under the laws and regulations of Australia, and will be within the discretion of our board of directors. It is the present intention of our board of directors to retain all earnings, if any, for use in our business operations and, accordingly, our board of directors does not anticipate declaring any dividends on our ordinary shares in the foreseeable future. As a result, any gain you will realize on our ordinary shares (including ordinary shares obtained upon exercise of our warrants) will result solely from the appreciation of such shares.

Holders of the Warrants will have no rights as a shareholder until such holders exercise their warrants.

Until holders of the Warrants exercise such warrants, the holders will have no rights with respect to the ordinary shares underlying such warrants. Upon exercise of the Warrants, the holders thereof will be entitled to exercise the rights of a shareholder only as to matters for which the record date occurs after the exercise date.

The Warrants are not listed on any exchange, and we do not intend to list the Warrants on any exchange.

There is no existing trading market for our Warrants to be issued in a private placement concurrently with this offering to the investors in this offering, and we do not expect that a market will develop, or that you will be able to sell any of the Warrants at a particular time (if at all). In addition, we do not intend to apply for listing of the Warrants on Nasdaq or any other securities exchange or nationally recognized trading system. The liquidity of the trading market in the Warrants and the sale price, if any, for the Warrants, may be adversely affected by, among other things: (i) changes in the overall market for such warrants; (ii) changes in our financial performance or prospects; (iii) changes or perceived changes in our creditworthiness; (iv) the prospects for companies in the industry generally; (v) the number of holders of such warrants; and (vi) the interest of securities dealers in making a market for such warrants.

We may issue additional securities in the future, which may result in dilution to our shareholders.

As of August 14, 2019, we had 32,348,024 ordinary shares subject to outstanding options and warrants and 3,688,889 subject to the Note, which does not include an aggregate of 28,571,431 ordinary shares underlying the Warrants to be issued in a private placement concurrently with this offering and an aggregate of 2,285,714 ordinary shares underlying the warrants to be issued to the placement agent and/or its designees. This amount also does not include 57,142,857 ordinary shares being publicly offered to certain of our suppliers, concurrently with this offering, to be paid through the cancellation of trade payables and the establishment of prepayment credits in an amount equal to \$4,000,000. Furthermore, the number of shares issuable upon exercise of our outstanding options and warrants may be significantly greater if the remaining March Investment Warrants are exercised on a cashless basis as described elsewhere in this prospectus. In addition, we are not restricted from issuing additional ordinary shares or securities convertible into or exchangeable for ordinary shares. Because we may need to raise additional capital in the future to operate and/or expand our business, we may conduct additional equity offerings. To the extent our outstanding options and warrants are exercised or we conduct additional equity offerings, additional ordinary shares will be issued, which may result in dilution to our shareholders. Sales of substantial numbers of such shares in the public market could adversely affect the market price of our ordinary shares.

Only a limited market exists for our ordinary shares which could lead to price volatility.

Our ordinary shares trade on the Nasdaq Capital Market. However, trading volumes for our ordinary shares have been historically low. The limited trading market for our ordinary shares may cause fluctuations in the market value of our ordinary shares to be exaggerated, leading to price volatility in excess of that which would occur in a more active trading market for our ordinary shares.

Nasdaq may delist our ordinary shares from quotation on its exchange, which could limit investors' ability to sell and purchase our securities and subject us to additional trading restrictions.

Our ordinary shares are currently listed on the Nasdaq Capital Market under the trading symbol "NAKD." However, on February 5, 2019, we received a notice from the Listing Qualifications Department of Nasdaq stating that, for the last 30 consecutive business days, the closing bid price for our ordinary shares had been below the minimum of US\$1.00 per share required for continued inclusion on the Nasdaq Capital Market under Nasdaq Listing Rule 5550(a)(2). We will be afforded until February 3, 2020 to regain compliance with the minimum bid price requirement. In order to regain compliance, the bid price for shares of our ordinary shares must close at US\$1.00 per share or more for a minimum of ten consecutive business days. There can be no assurance that we will regain compliance with the minimum bid price requirement within the allotted period, or that we will be able to maintain compliance with the other continued listing requirements under the Nasdaq Listing Rules.

If our ordinary shares are not listed on Nasdaq at any time after this offering, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- reduced liquidity;
- a determination that our ordinary shares are "penny stock" which will require brokers trading in our shares to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for our ordinary shares;
- a limited amount of news and analyst coverage for our company; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

As a foreign private issuer, we are permitted and expect to follow certain home country corporate governance practices (in our case Australian) in lieu of certain Nasdaq requirements applicable to domestic issuers and we are permitted to file less information with the SEC than a company that is not a foreign private issuer. This may afford less protection to holders of our securities.

As a foreign private issuer under the Exchange Act, Nasdaq allows us to follow home country governance practices (in our case Australian) in lieu of the otherwise applicable Nasdaq corporate governance requirements. In accordance with this exception, we follow Australian corporate governance practices in lieu of certain of the Nasdaq corporate governance standards, as more fully described in our Annual Report on Form 20-F for the fiscal year ended January 31, 2019, which is incorporated herein by reference. See "*Where You Can Find Additional Information.*" In particular, we will follow Australian law and corporate governance practices with respect to the composition of our board and audit committee, and with respect to quorum requirements applicable to shareholder meetings. These differences may result in a board that is more difficult to remove as well as less shareholder approvals required generally. We will also follow Australian law instead of the Nasdaq requirement to obtain shareholder approval prior to the issuance of securities in connection with a change of control, certain acquisitions, private placements of securities, or the establishment or amendment of certain stock option, purchase, or other equity compensation plans or arrangements. These differences may result in less shareholder oversight and requisite approvals for certain acquisition or financing related decisions or for certain company compensation related decisions. The Australian home country practices described above may afford less protection to holders of our securities than that provided under the Nasdaq Listing Rules.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

The statements contained in this prospectus supplement that are not purely historical are forward-looking statements. Forward-looking statements include, but are not limited to, statements regarding expectations, hopes, beliefs, intentions, or strategies regarding the future. In addition, any statements that refer to projections, forecasts, or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “might,” “plan,” “possible,” “potential,” “predicts,” “project,” “should,” “would,” and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements in this prospectus supplement may include, for example, statements about our:

- ability to achieve profitability;
- expectations regarding industry trends and the size and growth rates of addressable markets;
- reliance on third parties for production and distribution;
- our business plan and growth strategies, including plans for expansion to new markets and new products;
- expectations for seasonal trends;
- results of operations;
- ability to manage growth;
- ability to complete strategic acquisitions;
- ability to minimize our production and distribution costs by utilizing funding sources provided by others;
- regulatory or operational risks;
- success in retaining or recruiting, or changes required in, our officers, key employees, or directors;
- capital structure;
- ability to obtain additional financing when and if needed;
- liquidity and trading of our securities; and
- status as an emerging growth company under the JOBS Act.

The forward-looking statements contained in this prospectus supplement are based on current expectations, assumptions, and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments will be those that have been assumed or anticipated. These forward-looking statements are subject to a number of risks and uncertainties (some of which are beyond our control) that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those risks described from time to time in our SEC filings and those risk factors described under the heading “*Risk Factors*.” Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as may be required under applicable securities laws.

USE OF PROCEEDS

We estimate the net proceeds to us from this offering will be approximately \$1,746,000, after deducting an aggregate of approximately \$254,000 in placement agent fees and estimated offering expenses payable by us, assuming we sell all of the ordinary shares offered hereby, with the placement agent receiving a fee on all such sales. Because there is no minimum amount of shares that must be sold as a condition to closing this offering and because the placement agent fees vary based on the identity of the investors, the actual number of ordinary shares sold and net proceeds to us are not presently determinable and may be substantially less than the amounts set forth above. We intend to use the net proceeds from this offering for working capital and other general corporate purposes.

CAPITALIZATION AND INDEBTEDNESS

The following table sets forth our capitalization at January 31, 2019 on an historical basis, on pro forma basis after giving effect to the March Consultant Issuance, the March Financing Issuances (including the exercises in July and August 2019 of certain of the March Warrants), the May Note Issuance, the May Share Issuance, the May Debt Exchange and the July Transactions, and on a pro forma basis as adjusted basis after giving further effect to the sale of all the ordinary shares in this offering and the concurrent private placement of the Warrants, after deducting the placement agent fees and estimated offering expenses payable by us, assuming the placement agent receives a fee on all such sales.

The information presented in the capitalization table below is unaudited. You should read this table in conjunction with our consolidated financial statements as at and for the year ended January 31, 2019, which are incorporated by reference in this prospectus supplement.

Each investor also received a March Investment Warrant to purchase 100% of the number of ordinary shares for which it had agreed to subscribe. As a result, we issued 3,914,846 ordinary shares, March Pre-Funded Warrants to purchase 6,869,467 ordinary shares and March Investment Warrants to purchase 10,784,313 ordinary shares to the investors at the closing. In July and August 2019, the holders of the March Pre-Funded Warrants exercised such warrants in full, resulting in the issuance of 6,869,467 shares, and the holders of the March Investment Warrants exercised them as to 9,078,877 on a cashless basis, resulting in the issuance of 19,586,048 ordinary shares.

H.C. Wainwright & Co., LLC acted as the placement agent for the offering and the private placement to the institutional and accredited investors. We paid H.C. Wainwright & Co., LLC an aggregate cash fee of \$126,000 and issued to its designees warrants to purchase an aggregate of 1,260,000 Ordinary Shares at an exercise price of \$0.125 per share. Effective as of the closing of these offerings, the exercise prices of certain outstanding warrants to purchase 2,800,000 ordinary shares held by one of the institutional and accredited investors were reduced to \$0.10 per share.
- (4) Capitalization does not include the fair value of warrants issued since January 31, 2019, as their impact cannot be determined as of the date hereof.

Such translations should not be construed as representations that the New Zealand dollar amounts represent, or have been or could be converted into, United States dollars at that or any other rate.

Further assuming the sale of 57,142,857 ordinary shares in the concurrent public offering to certain of our suppliers at a purchase price of \$0.07 per share, to be paid through the cancellation of trade payables and the establishment of prepayment credits in an amount equal to \$4,000,000, our share capital would increase to \$110,115,825 and our total capitalization would increase to \$41,204,825.

DESCRIPTION OF SECURITIES

General

The following is a summary of the material rights of our securities. This summary is not a complete description of the rights associated with our securities. For more detailed information, see “*Description of Capital Shares*” and “*Description of Warrants*” in the accompanying base prospectus.

Ordinary Shares

Upon consummation of the offering, assuming the sale of all of the shares offered hereby, 153,803,162 ordinary shares will be outstanding, which does not include (i) 32,348,024 ordinary shares underlying outstanding warrants and options as of August 14, 2019, (ii) 3,688,889 ordinary shares underlying the Note as of August 14, 2019, (iii) an aggregate of 28,571,431 ordinary shares underlying Warrants to be issued in a private placement concurrently with this offering, and (iv) 2,285,714 ordinary shares underlying the warrants to be issued to the placement agent and/or its designees in connection with this offering. The number of shares issuable upon exercise of our outstanding options and warrants may be significantly greater if the remaining March Investment Warrants are exercised on a cashless basis as described elsewhere in the prospectus. This amount also does not include up to 57,142,857 ordinary shares being publicly offered to certain of our suppliers, concurrently with this offering, at a purchase price of \$0.07 per share, to be paid through the cancellation of trade payables and the establishment of prepayment credits in an amount equal to \$4,000,000. For a more complete description of our ordinary shares, please see “*Description of Capital Shares*” in the accompanying base prospectus.

Warrants

Investors in this offering will receive, in a concurrent private placement, Warrants to purchase up to 28,571,431 shares (100% of the shares purchased hereby). The Warrants will be issued as individual warrant agreements to each investor. You should review the form of Warrant, which will be filed as an exhibit to our Report on Form 6-K that we will file with the SEC on or about the date hereof, for a complete description of the terms and conditions applicable to the Warrants.

Exercisability

The Warrants will be immediately exercisable and will expire five and one-half years from the date of issuance. The Warrants will be exercisable, at the option of each holder, in whole or in part by delivering to us a duly executed exercise notice and by payment in full in immediately available funds for the number of ordinary shares purchased upon such exercise. Commencing six months after the issuance of the Warrants, assuming there is no registration statement registering the resale of the underlying shares, as an alternative to payment in immediately available funds, the holder may, in its sole discretion, elect to exercise the Warrants through a cashless exercise, in which case the holder would receive upon such exercise the net number of ordinary shares determined according to the formula set forth in the Warrants. No fractional ordinary shares will be issued in connection with the exercise of a Warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the fair market value of any fractional shares.

Exercise Limitations

Under the terms of the Warrant, we may not effect the exercise of any Warrant, and a holder will not be entitled to exercise any portion of any Warrant, which, upon giving effect to such exercise, would cause the aggregate number of our ordinary shares beneficially owned by the holder (together with its affiliates) to exceed 4.99% (or 9.99% at the election of the holder prior to the date of issuance) of the number of our ordinary shares outstanding immediately after giving effect to the exercise, provided that the holder may increase or decrease the beneficial ownership limitation up to 9.99%. Any increase in the beneficial ownership limitation shall not be effective until 61 days following notice of such change to the Company.

Exercise Price

The exercise price per ordinary share purchasable upon the exercise of the Warrants is \$0.07. The exercise price of the Warrants is subject to adjustment for stock dividends, stock splits, stock combinations and stock reclassifications, as described in the Warrants. A holder of a Warrant also will have certain rights to participate in rights offerings and pro rata distributions to the holders of our ordinary shares. If we complete certain fundamental transactions (as defined in the Warrant) that entitle our shareholders to receive stock, securities or assets with respect to or in exchange for their ordinary shares, then upon any subsequent exercise of the Warrant, a holder of the Warrant will have the right to receive, in lieu of or in addition to, as the case may be, the ordinary shares then issuable upon exercise of the Warrant, the stock, securities or assets that would have been receivable if the Warrant had been exercised immediately before the fundamental transaction.

Exchange Listing

We do not intend to list the Warrants on Nasdaq, any other national securities exchange or other nationally recognized trading system.

No Rights as a Shareholder

Except by virtue of such holder's ownership of our ordinary shares, the holders of Warrants do not have the rights or privileges of a holder of our ordinary shares, including any voting rights, until the holder exercises such warrant.

Transferability

Subject to applicable laws, the Warrants may be transferred by the holder upon surrender to us of the Warrants or, as applicable, together with appropriate instruments of transfer, subject to compliance with applicable securities laws.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

In this section, we discuss certain material U.S. federal income tax considerations applicable to the acquisition, ownership and disposition of ordinary shares or Warrants acquired in this offering by a U.S. holder, as defined below, that will hold such securities as capital assets within the meaning of Section 1221 of Internal Revenue Code of 1986, as amended (the "Code"). This discussion is based on the Code, U.S. Treasury regulations promulgated thereunder and administrative and judicial interpretations thereof, all as in effect on the date hereof and all of which are subject to change, possibly with retroactive effect. There can be no assurances that the U.S. Internal Revenue Service (the "IRS") will not take a different position concerning the tax consequences of the acquisition, ownership and disposition of ordinary shares or Warrants, or that such a position would not be sustained. We do not discuss the tax consequences to any particular U.S. holder nor any tax considerations that may apply to U.S. holders subject to special tax rules, such as banks, insurance companies, individual retirement and other tax-deferred accounts, regulated investment companies, individuals who are former U.S. citizens or former long-term U.S. residents, dealers in securities or currencies, tax-exempt entities, persons subject to the alternative minimum tax, persons that hold ordinary shares or Warrants as a position in a straddle or as part of a hedging, constructive sale or conversion transaction for U.S. federal income tax purposes, persons that have a functional currency other than the U.S. dollar, persons that own (directly, indirectly or constructively) 10% or more of our equity or persons that are not U.S. holders. This discussion does not address all aspects of U.S. federal income taxes, does not discuss the potential application of the Medicare contribution tax and does not deal with state or local taxes, U.S. federal gift and estate tax laws, or any non-U.S. tax consequences that may be relevant to holders in light of their particular circumstances.

In this section, a "U.S. holder" means a beneficial owner of ordinary shares or Warrants that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States for U.S. federal income tax purposes;
- a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States or any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust (i) the administration of which is subject to the primary supervision of a court in the United States and for which one or more U.S. persons have the authority to control all substantial decisions or (ii) that has an election in effect under applicable income tax regulations to be treated as a U.S. person.

As used in this section, a "non-U.S. holder" is a beneficial owner of ordinary shares or Warrants that is not a U.S. holder or an entity or arrangement treated as a partnership for U.S. federal income tax purposes.

This discussion does not address the tax treatment of partnerships or other pass-through entities or persons who hold our ordinary shares or Warrants through partnerships or other entities or arrangements that are treated as pass-through entities for U.S. federal income tax purposes. If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds ordinary shares or Warrants, the U.S. federal income tax treatment of a partner generally will depend on the status of the partner and the activities of the partnership. Partners of partnerships or pass-through entities or arrangements that will hold ordinary shares or Warrants should consult their tax advisors regarding the tax consequences of the acquisition, ownership and disposition of our ordinary shares or Warrants through a partnership or other pass-through entity, as applicable.

You are urged to consult your own tax advisor with respect to the U.S. federal, as well as state, local and non-U.S., tax consequences to you of acquiring, owning and disposing ordinary shares or Warrants in light of your particular circumstances, including the possible effects of changes in U.S. federal and other tax laws.

Tax Cuts and Jobs Act

Under tax legislation signed into law in December 2017 commonly known as the Tax Cuts and Jobs Act of 2017, U.S. holders that use an accrual method of accounting for tax purposes and have certain financial statements generally will be required to include certain amounts in income no later than the time such amounts are taken into account as revenue in such financial statements. The application of this rule thus may require the accrual of income earlier than would be the case under the general tax rules described below, although the precise application of this rule is unclear at this time. This rule generally will be effective for taxable years beginning after December 31, 2017. U.S. holders that use an accrual method of accounting should consult with their tax advisors regarding the potential applicability of this legislation to their particular situation.

Allocation of Purchase Price to Ordinary Shares and Warrants

For U.S. federal income tax purposes, a holder's acquisition of the ordinary shares and Warrants will be treated as the acquisition of an "investment unit" consisting of one ordinary share and a warrant to purchase one ordinary share. The purchase price for each investment unit will be allocated between these two components in proportion to their relative fair market values at the time the unit is purchased by the holder. This allocation of the purchase price for each unit will establish the holder's initial tax basis for U.S. federal income tax purposes in the ordinary share and a warrant to purchase one ordinary share included in each unit. The separation of the ordinary share and the warrant to purchase one ordinary share included in each unit should not be a taxable event for U.S. federal income tax purposes. Each holder should consult his, her or its own tax advisor regarding the allocation of the purchase price for a unit.

Treatment of Warrants

Sale or Other Disposition, Exercise or Expiration of Warrants

For U.S. federal income tax purposes, gain or loss realized on the sale or other disposition of a Warrant (other than by exercise) will be capital gain or loss and will be long-term capital gain or loss if the U.S. holder held the Warrant for more than one year at the time of the sale or other disposition. The amount of the gain or loss will equal the difference between the U.S. holder's tax basis in the Warrant disposed of and the amount realized on the disposition.

In general, a U.S. holder will not be required to recognize income, gain or loss upon the exercise of a Warrant by payment of the exercise price, except to the extent of cash paid in lieu of a fractional share. A U.S. holder's tax basis in an ordinary share received upon exercise will be equal to the sum of (1) the U.S. holder's tax basis in the Warrant and (2) the exercise price of the Warrant. A U.S. holder's holding period in the ordinary share received upon exercise will commence on the day or the day after such U.S. holder exercises the Warrant and will not include any period for which the U.S. Holder held the Warrant. No discussion is provided herein regarding the U.S. federal income tax treatment on the exercise of a Warrant on a cashless basis, and U.S. holders are urged to consult their tax advisors as to the exercise of a Warrant on a cashless basis.

If a Warrant expires without being exercised, a U.S. holder will recognize a capital loss in an amount equal to such U.S. holder's tax basis in the Warrant. This loss will be long-term capital loss if, at the time of the expiration, the U.S. holder's holding period in the Warrant is more than one year. The deductibility of capital losses is subject to limitations.

In general, a non-U.S. holder will not be required to recognize income, gain or loss upon the exercise of a Warrant by payment of the exercise price, except to the extent of cash paid in lieu of a fractional share. However, no discussion is provided herein regarding the U.S. federal income tax treatment on the exercise of a Warrant on a cashless basis, and non-U.S. holders are urged to consult their tax advisors as to the exercise of a Warrant on a cashless basis.

If a Warrant expires without being exercised, a non-U.S. holder that is engaged in a U.S. trade or business to which any income from the Warrant would be effectively connected or who is present in the United States for a period or periods aggregating 183 days or more during the calendar year in which the expiration occurs (and certain other conditions are met) will recognize a capital loss in an amount equal to such non-U.S. holder's tax basis in the Warrant.

Constructive Dividends on Warrants

Under Section 305 of the Code, an adjustment to the number of ordinary shares that will be issued on the exercise of the Warrants, or an adjustment to the exercise price of the Warrants, may be treated as a constructive distribution to a U.S. holder of the Warrants if, and to the extent that, such adjustment has the effect of increasing such U.S. holder's proportionate interest in our "earnings and profits" or assets, depending on the circumstances of such adjustment (for example, if such adjustment is to compensate for a distribution of cash or other property to our shareholders). Adjustments to the exercise price of a Warrant made pursuant to a bona fide reasonable adjustment formula that has the effect of preventing dilution should generally not result in a constructive distribution. Any constructive distributions would generally be subject to the tax treatment described under Item 10.E, "*Taxation - Dividends*" in our Annual Report on Form 20-F for the year ended January 31, 2019, which is incorporated herein by reference.

Treatment of Ordinary Shares

For a discussion of material U.S. tax consequences applicable to the acquisition, ownership and disposition of our ordinary shares by a U.S. holder, see Item 10.E, "*Taxation*" in our Annual Report on Form 20-F for the year ended January 31, 2019, which is incorporated herein by reference.

PRIVATE PLACEMENT OF WARRANTS

In a concurrent private placement, we are selling to each of the investors in this offering a Warrant to purchase one ordinary share for each ordinary share purchased in this offering by each such investor. The aggregate number of Warrant Shares exercisable pursuant to the Warrants is 28,571,431. The Warrants will be exercisable at an exercise price of \$0.07 per share. The exercise price and number of Warrant Shares issuable upon the exercise of the Warrants will be subject to adjustment in the event of any stock dividend, stock split, stock combination or stock reclassification, as described in the Warrants.

Each Warrant shall be exercisable immediately upon issuance and have a term of exercise equal to five and one-half years from the date of issuance. A holder of Warrants will have the right to exercise the Warrants on a “cashless” basis if at any time after the six-month anniversary of the closing date of this offering there is no effective registration statement registering the resale of the Warrant Shares. Subject to limited exceptions, a holder of Warrants will not have the right to exercise any portion of its Warrants if the holder, together with its affiliates, would beneficially own in excess of 4.99% (or 9.99% at the election of the holder prior to the date of issuance) of the number of ordinary shares outstanding immediately after giving effect to such exercise, provided that the holder may increase or decrease the beneficial ownership limitation up to 9.99%. Any increase in the beneficial ownership limitation shall not be effective until 61 days following notice of such change to the Company. In addition, if we complete certain fundamental transactions (as defined in the Warrant) that entitle our shareholders to receive stock, securities or assets with respect to or in exchange for their ordinary shares, then upon any subsequent exercise of the Warrant, a holder of the Warrant will have the right to receive, in lieu of or in addition to, as the case may be, the ordinary shares then issuable upon exercise of the Warrant, the stock, securities or assets that would have been receivable if the Warrant had been exercised immediately before the fundamental transaction.

Except as otherwise provided in the Warrants or by virtue of such holder’s ownership of our ordinary shares, the holders of the Warrants do not have the rights or privileges of holders of our ordinary shares, including any voting rights, until they exercise their Warrants.

The Warrants and the Warrant Shares are being offered pursuant to the exemptions provided in Section 4(a)(2) under the Securities Act and Rule 506(b) promulgated thereunder, and they are not being offered pursuant to this prospectus supplement and the accompanying prospectus.

There is no established public trading market for the Warrants and we do not expect a market to develop. In addition, we do not intend to list the Warrants on the Nasdaq Capital Market, any other national securities exchange or any other nationally recognized trading system. All purchasers are required to be “accredited investors” as such term is defined in Rule 501(a) under the Securities Act.

PLAN OF DISTRIBUTION

We engaged H.C. Wainwright & Co., LLC, or Wainwright or the placement agent, to act as our exclusive placement agent to solicit offers to purchase the ordinary shares offered by this prospectus supplement and the accompanying base prospectus. Wainwright is not purchasing or selling any such shares, nor is it required to arrange for the purchase and sale of any specific number or dollar amount of such shares, other than to use its “reasonable best efforts” to arrange for the sale of such shares by us. Therefore, we may not sell all of the shares being offered. Wainwright will have no authority to bind us by virtue of the engagement letter. We have entered into securities purchase agreements directly with certain institutional and accredited investors who have agreed to purchase shares in this offering. We will only sell to investors who have entered into securities purchase agreements. The form of the securities purchase agreement will be included as an exhibit to a report on Form 6-K filed with the SEC in connection with this offering.

Delivery of the shares offered hereby is expected to take place on or about August 19, 2019, subject to satisfaction of certain conditions.

We negotiated the offering price for the shares in this offering with prospective investors. The factors considered in determining the price included the recent market price of our ordinary shares, the general condition of the securities market at the time of this offering, the history of, and the prospects for the industry in which we compete, our past and present operations and our prospects for future revenues.

We have agreed to pay the placement agent a cash fee in an amount equal to 8.0% of the aggregate proceeds of this offering. We have also agreed to reimburse the placement agent for all out-of-pocket accountable expenses incurred by it in connection with this offering, up to a maximum of \$40,000, and to pay \$10,000 for the clearing expenses of the placement agent in connection with this offering. We estimate the total expenses of this offering paid or payable by us will be approximately \$94,000. After deducting the fees due to the placement agent and our estimated expenses in connection with this offering, we expect the net proceeds from this offering will be approximately \$1,746,000 million.

Placement Agent Warrants

In addition, we have agreed to issue to the placement agent, at the closing of this offering, warrants to purchase 8.0% of the number of shares sold in this offering (warrants to purchase up to 2,285,714 of our ordinary shares). Such warrants will have substantially the same terms as the warrants being sold and issued in the private placement, except that the placement agent’s warrants will have an exercise price equal to \$0.0875 (125% of the combined offering price per share and private placement warrant) and that the placement agent’s warrants will be exercisable for a term of five years from the effective date of the securities purchase agreement between us and the investors. Neither the placement agent’s warrants nor the shares issuable upon exercise thereof are being registered hereby. Pursuant to Rule 5110(g) of the Financial Industry Regulatory Authority, or FINRA, the placement agent’s warrants and any shares issued upon exercise thereof will not be sold, transferred, assigned, pledged or hypothecated, or be the subject of any hedging, short sale, derivative, put or call transaction that would result in the effective economic disposition of the securities by any person, for a period of 180 days immediately following the date of effectiveness or commencement of sales in this offering, except: (i) the transfer of any security by operation of law or by reason of our reorganization; (ii) the transfer of any security to any FINRA member firm participating in the offering and the officers or partners thereof, if all securities so transferred remain subject to the lock-up restriction set forth above for the remainder of the time period; (iii) the transfer of any security if the aggregate amount of our securities held by the placement agent or related persons do not exceed 1% of the securities being offered; (iv) the transfer of any security that is beneficially owned on a pro-rata basis by all equity owners of an investment fund, provided that no participating member manages or otherwise directs investments by the fund and the participating members in the aggregate do not own more than 10% of the equity in the fund; or (v) the exercise or conversion of any security, if all securities remain subject to the lock-up restriction set forth above for the remainder of the time period.

Right of First Refusal

We have also granted Wainwright a twelve-month right of first refusal, subject to certain conditions, to act as underwriter or placement agent with respect to additional raises of funds by means of a public offering or private placement of debt or equity securities using an underwriter or placement agent.

Indemnification

We have agreed to indemnify the placement agent against certain liabilities, including liabilities under the Securities Act and liabilities arising from breaches of representations and warranties contained in our engagement letter with the placement agent. We have also agreed to contribute to payments the placement agent may be required to make in respect of such liabilities.

In addition, we will indemnify the purchaser of shares in this offering against liabilities arising out of or relating to (i) any breach of any of the representations, warranties, covenants or agreements made by us in the securities purchase agreement or related documents or (ii) any action instituted against a purchaser by a third party (other than a third party who is affiliated with such purchaser) with respect to the securities purchase agreement or related documents and the transactions contemplated thereby, subject to certain exceptions.

Regulation M Compliance

The placement agent may be deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act, and any commissions received by it and any profit realized on the sale of our shares offered hereby by it while acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. The placement agent will be required to comply with the requirements of the Securities Act and the Exchange Act, including, without limitation, Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of our securities by the placement agent. Under these rules and regulations, the placement agent may not (i) engage in any stabilization activity in connection with our securities; and (ii) bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities, other than as permitted under the Exchange Act, until they have completed their participation in the distribution.

Other Relationships

From time to time, Wainwright may provide in the future various advisory, investment and commercial banking and other services to us in the ordinary course of business, for which they have received and may continue to receive customary fees and commissions. However, except as disclosed in this prospectus supplement, we have no present arrangements with Wainwright for any further services.

Trading Market

Our ordinary shares are traded on the Nasdaq Capital Market under the symbol "NAKD." Our warrants are not currently registered under the Exchange Act and there has been no public market for our warrants. We do not intend to register our warrants under the Exchange Act.

Transfer Agent

The transfer agent for our ordinary shares to be issued in this offering is Continental Stock Transfer & Trust Company, located at 1 State Street, New York, New York 10004.

HWL Ebsworth Lawyers, Sydney, Australia, will pass upon the validity of the ordinary shares offered in this prospectus and on matters of Australia law. SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

We are an Australian company and our executive offices are located outside of the United States. Certain of our directors and officers and some of the experts in this prospectus reside outside the United States. In addition, a substantial portion of our assets and the assets of our directors, officers and experts are located outside of the United States. As a result, you may have difficulty serving legal process within the United States upon us or any of these persons. You may also have difficulty enforcing, both in and outside of the United States, judgments you may obtain in U.S. courts against us or these persons in any action, including actions based upon the civil liability provisions of U.S. federal or state securities laws. Furthermore, there is substantial doubt that the courts of Australia would enter judgments in original actions brought in those courts predicated on U.S. federal or state securities laws.

WHERE YOU CAN FIND ADDITIONAL INFORMATION

We have filed with the SEC a registration statement on Form F-3 with respect to the Ordinary Shares offered hereby. This prospectus, which forms a part of the registration statement, does not contain all of the information set forth in the registration statement and the exhibits thereto. We are subject to the information and periodic reporting requirements of the Exchange Act and we file periodic reports and other information with the SEC. These periodic reports and other information are available on the website of the SEC referred to above. As a “foreign private issuer”, we are exempt from the rules under the Exchange Act prescribing the furnishing and content of proxy statements to shareholders under Nasdaq rules. Those proxy statements are not expected to conform to Schedule 14A of the proxy rules promulgated under the Exchange Act. In addition, as a “foreign private issuer”, we are exempt from the rules under the Exchange Act relating to short swing profit reporting and liability.

In addition, we continually explore new ways to expand its business, including through the use of new technologies, such as blockchain technology. We are presently evaluating how these new technologies may be leveraged in the retail fashion industry. For instance, blockchain technology might be used in the future to create highly efficient end-to-end operations from suppliers to consumers and also to provide low cost trade finance for market participants through blockchain trading platforms. However, we have not yet established the feasibility of, or taken any steps to progress the use of, blockchain technology in our business.

Recent Developments

On February 14, 2019, Carole Hochman resigned from the board of directors and as our Executive Chairman, and from all other positions she held with our subsidiaries. Ms. Hochman's resignation was for personal reasons, and was not due to any disagreement with us or our management on any matter relating to our operations, policies or practices (financial or otherwise).

In March 2019, we issued 1,400,000 ordinary shares and 1,400,000 warrants to purchase ordinary shares, or the "*Consultant Warrants*," to a service provider in exchange for services. We sometimes refer to this issuance of ordinary shares and warrants as the "*March Consultant Issuance*." The Consultant Warrants have an exercise price of US\$0.50 and expire two years from the date of issuance. The exercise price and the number of shares covered by the Consultant Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole.

On March 27, 2019, we closed on the following share issuances, or the "*March Financing Issuances*."

- (1) NZ\$6.60 million/US\$4.50 million related to the issue of 11,248,415 ordinary shares to trade creditors in satisfaction of trade payables due to them, at an effective per share price of US\$0.40.
- (2) NZ\$1.25 million/US\$0.85 million related to the issue of 2,119,178 ordinary shares to the holder of one of our outstanding promissory notes in the amount of US\$847,671, at an effective per share price of US\$0.40 per share.
- (3) NZ\$1.69 million/US\$1.15 million related to the issue of 4,510,588 ordinary shares to investors in a private placement at a share price of US\$0.255. The investors also received warrants, or the "*Other March Warrants*," to purchase 100% of the number of ordinary shares for which they had subscribed. The Other March Warrants have an exercise price of US\$0.306 and expire two years from the date of issuance. The exercise price and the number of shares covered by the Other March Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole.

- (4) NZ\$4.05 million/US\$2.75 million relating to the issue of 10,784,313 ordinary shares to certain accredited investors at an agreed per share price of US\$0.255, except that, to the extent an investor would beneficially own more than 9.9% of our outstanding ordinary shares after the closing, we agreed to issue the investors a “pre-funded” warrant to purchase ordinary shares, or a “*March Pre-Funded Warrant*,” in lieu of such shares. Each investor also received an “investment” warrant to purchase 100% of the number of ordinary shares for which it had agreed to subscribe, or a “*March Investment Warrant*.” We sometimes refer to the March Pre-Funded Warrants and the March Investment Warrants collectively as the “*March Warrants*.” As a result, we issued 3,914,846 ordinary shares, March Pre-Funded Warrants to purchase 6,869,467 ordinary shares and March Investment Warrants to purchase 10,784,313 ordinary shares to the investors at the closing. The March Investment Warrants have an exercise price of US\$0.306 per share and expire five years from the date of issuance. The March Pre-Funded Warrants have an exercise price of US\$0.01 per share and expire five years from the date of issuance. The exercise price and number of shares covered by the March Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole, as well as for subsequent equity issuances occurring prior to July 16, 2019, subject to certain exceptions. If the exercise price of the March Warrants is higher than the last closing bid price of the ordinary shares, at any time starting on June 16, 2019, the March Warrants may be exercised on a cashless basis for a number of shares equal to the Black-Scholes value of the portion of the warrant being exercised (as calculated in accordance with the March Warrants), divided by the closing bid price as of two business days prior to the exercise date (but not less than US\$0.10). The March Warrants may not be exercised to the extent the holder and its affiliates would beneficially own more than 9.9% of our outstanding ordinary shares after such exercise.

On April 2, 2019, the board of directors appointed Anna Johnson as our Chief Executive Officer. Previously Ms Johnson was Chief Executive Officer of Bendon Limited, the main operating entity within the Company. In connection with Ms. Johnson’s appointment, Justin Davis-Rice was appointed as Executive Chairman and resigned as our Chief Executive Officer.

Effective on May 13, 2019, we completed a private placement of a Secured Convertible Promissory Note, or the “*Note*,” to St. George Investments LLC, or the “*Noteholder*,” for a purchase price of US\$3,000,000, pursuant to a Securities Purchase Agreement, or the “*NSPA*,” of even date. We sometimes refer to the issuance of the Note as the “*May Note Issuance*.” Pursuant to the NSPA, the Note was sold with an original issue discount of the US\$300,000 and we paid US\$20,000 of the Noteholder’s expenses, which amount was added to the principal balance of the Note. Accordingly, the Note had an initial principal balance of US\$3,320,000. The NSPA includes certain customary representations and warranties and covenants. In addition, we agreed that, so long as the Note is outstanding, we will not issue any debt instrument or incur any debt, subject to certain exceptions, including an exception for any debt incurred from a bank. The Note accrues interest at a rate of 10% per annum, compounded daily, and matures on November 13, 2020. We have the right to prepay the Note, subject to a 15% premium. The Note is secured by a second priority security interest in all our assets and is subordinated to the Company’s existing senior secured credit facility with the Bank of New Zealand, or the “*Bank*” or “*BNZ*.” The Noteholder has the right to convert the Note into ordinary shares at a conversion price of US\$0.90 per share, subject to adjustment for subdivisions or combinations of the ordinary shares. The Noteholder also has the right, beginning on December 13, 2019, to cause us to redeem any portion of the Note, up to a maximum of US\$400,000 per month.

On May 14, 2019, we closed on NZ\$2.17 million/US\$1.5million share issuance of 6,000,000 shares to an investor in a private placement at a share price of US\$0.25. The investor also received warrants to purchase 1,000,000 ordinary shares. The warrants have an exercise price of US\$0.25, subject to adjustment, and expire two years from the date of issuance. We sometimes refer to the issuance of these ordinary shares as the “*May Share Issuance*.”

On May 16, 2019, we issued 653,595 ordinary shares in exchange for the cancellation of US\$200,000 in debt held by a shareholder, or an effective purchase price of US\$0.306 per share. We sometimes refer to this exchange of debt for ordinary shares as the “*May Debt Exchange*.”

On June 11, 2019, we announced that we had appointed David Anderson to become our new Chief Financial Officer. Previously, Mr. Anderson served as Head of Finance for Goodman Fielder, one of the largest consumer goods companies in New Zealand, where he oversaw all financial aspects of the business and led numerous acquisitions. Mr. Anderson will succeed Howard Herman, our current Chief Financial Officer, after the filing with the SEC of certain amendments to our existing registration statements, but no later than June 20, 2019. In connection with the appointment of Mr. Anderson, Mr. Herman is resigning from all positions held by him with our company.

Our senior secured credit facility with the Bank matures on August 31, 2019 and discussions are continuing to extend the facility beyond that point. As at October 31, 2018, there was a breach in minimum gross EBITDA ratio. As at January 31, 2019, there was a breach of the minimum Gross EBITDA ratio and a breach of the inventory and receivables ratio. The Bank has advised that they are currently taking these breaches under review.

Emerging Growth Company

We are an “emerging growth company”, as defined in the Jumpstart Our Business Startups Act, or the “*JOBS Act*.” As an emerging growth company, we are eligible, and have elected, to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies. These include, but are not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and reduced disclosure obligations regarding executive compensation (to the extent applicable to a foreign private issuer).

We could remain an emerging growth company until the last day of our fiscal year following the fifth anniversary of the consummation of our initial public offering. However, if our annual gross revenue is US\$1.07 billion or more, or our non-convertible debt issued within a three year period exceeds US\$1 billion, or the market value of our ordinary shares that are held by non-affiliates exceeds US\$700 million on the last day of the second fiscal quarter of any given fiscal year, we would cease to be an emerging growth company as of the last day of that fiscal year.

Foreign Private Issuer

We are a “foreign private issuer” as defined under the Securities Exchange Act of 1934, as amended, or the “*Exchange Act*.” As a foreign private issuer under the Exchange Act, we are exempt from certain rules under the Exchange Act, including the proxy rules, which impose certain disclosure and procedural requirements for proxy solicitations. Moreover, we are not required to file periodic reports and financial statements with the SEC as frequently or as promptly as domestic U.S. companies with securities registered under the Exchange Act, and we are not required to comply with Regulation FD, which imposes certain restrictions on the selective disclosure of material information. In addition, our officers, directors, and principal shareholders will be exempt from the reporting and “short-swing” profit recovery provisions of Section 16 of the Exchange Act and the rules under the Exchange Act with respect to their purchases and sales of our ordinary shares.

The Nasdaq Listing Rules allow foreign private issuers, such as us, to follow home country corporate governance practices (in our case Australian) in lieu of the otherwise applicable Nasdaq corporate governance requirements. In accordance with this exception, we follow Australian corporate governance practices in lieu of certain of the Nasdaq corporate governance standards, as more fully described in our Annual Report on Form 20-F for the fiscal year ended January 31, 2019, which is incorporated herein by reference. See “*Where You Can Find Additional Information*” on page 28.

Risks Affecting Our Company

In evaluating an investment in our securities, you should carefully read this prospectus and especially consider the factors incorporated by reference in the section titled “*Risk Factors*” commencing on page 8.

The Securities We May Offer

We may offer up to US\$30,000,000 of ordinary shares, preference shares, warrants, debt securities and/or units comprised of one or more of the foregoing classes of securities, in one or more offerings and in any combination. This prospectus provides you with a general description of the securities we may offer. A prospectus supplement, which we will provide each time we offer securities, will describe the specific amounts, prices and terms of these securities.

Ordinary Shares

Each of holder of our ordinary shares is entitled to receive notice of and to be present, to vote and to speak at general meetings. Subject to any rights or restrictions attached to any shares, on a show of hands each holder of ordinary shares present has one vote and, on a poll, one vote for each fully paid share held, and for each partly paid share, a fraction of a vote equivalent to the proportion to which the share has been paid up. Voting may be in person or by proxy, attorney or representative. Two shareholders must be present to constitute a quorum for a general meeting and no business may be transacted at any meeting except the election of a chair and the adjournment of the meeting unless a quorum is present when the meeting proceeds to business.

Subject to any preferential rights of any outstanding preference shares, holders of our ordinary shares are entitled to receive ratably the dividends, if any, as may be declared from time to time by the board of directors out of legally available funds. If there is a liquidation, dissolution or winding up of our company, holders of our ordinary shares would be entitled to share ratably in our net assets legally available for distribution to shareholders after the payment of all our debts and liabilities and any preferential rights of any outstanding preferred shares.

Preference Shares

Our constitution authorizes the issuance of preference shares, including preference shares which are, at the option of the Company or the holder, convertible into ordinary shares. Each preference share will confer on the holder the right to receive a preferential dividend, participate in and/or receive priority payments upon any liquidation, dissolution, or winding up, and receive a bonus issue or capitalization of profits, each to the extent determined by our board of directors. Preference shares will have limited voting rights. We have summarized some of the general terms and provisions of the preference shares that we may issue in "*Description of Capital Shares*." A prospectus supplement will describe the particular terms of any issue of preference shares offered from time to time, and may supplement or change the terms outlined below.

Warrants

We may issue warrants for the purchase of ordinary shares or preference shares or any combination thereof. We have summarized some of the general terms and provisions of the warrants that we may issue in "*Description of Warrants*." A prospectus supplement will describe the particular terms of any warrants offered from time to time, and may supplement or change the terms outlined below.

Debt Securities

Subject to an exemption from or waiver of the covenant set forth in the NSPA, and subject to any covenants in our senior credit facility with BNZ, we may offer any combination of senior debt securities or subordinated debt securities. The subordinated debt securities generally will be entitled to payment only after payment of our senior debt. Senior debt securities will be unsubordinated obligations and will rank equal with all our other unsubordinated debt. Subordinated debt securities will be paid only if all payments due under our senior indebtedness, including any outstanding senior debt securities, have been made. We may issue the senior debt securities and the subordinated debt securities under separate indentures between us, as issuer, and the trustee or trustees identified in a prospectus supplement. We have summarized some of the general terms and provisions of the debt securities that we may issue in "*Description of Debt Securities*." A prospectus supplement will describe the particular terms of any debt securities offered from time to time, and may supplement or change the terms outlined below.

Units

We may issue units comprised of one or more of the other classes of securities issued by us as described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. We have summarized some of the general terms and provisions of the warrants that we may issue in "*Description of Units*." A prospectus supplement will describe the particular terms of any units offered from time to time, and may supplement or change the terms outlined below.

RISK FACTORS

An investment in our securities involves a high degree of risk. Before investing in us, you should carefully consider the risk factors described under “Risk Factors” in the documents incorporated by reference herein, including in our most recent Annual Report on Form 20-F filed with the SEC, together with the other information included in this prospectus and incorporated by reference herein from our filings with the SEC, as well as any risk factors set forth under the caption “Risk Factors” in any prospectus supplement relating to a particular offering, together with all of the other information included in such prospectus supplement and incorporated by reference therein. If any of such risks or uncertainties occurs, our business, financial condition, and operating results could be materially and adversely affected. Additional risks and uncertainties not currently known to us or that we currently deem immaterial also may materially and adversely affect our business operations. As a result, the trading price of our ordinary shares could decline and you could lose all or a part of your investment.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, the net proceeds from the sale of the securities offered hereby will be used for general corporate purposes, which may include working capital, capital expenditures, debt repayment, or acquisitions. In the event that any net proceeds are not immediately applied, we may temporarily hold them as cash, deposit them in banks or invest them in cash equivalents or securities. We have not allocated any portion of the net proceeds for any particular use at this time. Specific information concerning the use of proceeds from the sale of any securities will be included in the prospectus supplement relating to the particular offering in which they are sold.

DILUTION

The specific transaction or terms upon which securities covered by this prospectus may be issued is not known at this time. Each time we sell securities under this prospectus, we will provide a prospectus supplement that will contain certain specific information about the terms of that offering. In the event that there is substantial disparity between the public offering price of the securities to be issued and the effective cost to directors or senior management or affiliated persons of equity securities acquired by them during the last five years, or which they have the right to acquire, a comparison of the public contribution in the proposed public offering and the effective cash contributions of such persons, as well as the amount and percentage of immediate dilution resulting from the offering, will be contained in the prospectus supplement. We will also disclose the amount and percentage of immediate dilution resulting from the offering, computed as the difference between the offering price per share and the net book value per share for the equivalent class of security, as of the most recent balance sheet date.

DESCRIPTION OF CAPITAL SHARES

General

Australia does not have a limit on the authorized share capital that may be issued and does not recognize the concept of par value. Subject to the restrictions on the issue of securities in our constitution, the Corporations Act 2001 (Cth) of Australia, or the “*Corporations Act*,” and the rules governing the listing of our securities on the Nasdaq Capital Market, our directors are entitled to issue and cancel shares in our capital, grant options over unissued shares, and settle the manner in which fractions of a share are to be dealt with. The directors may decide the persons to whom, and the terms on which, shares are issued or options are granted as well as the rights and restrictions that attach to those shares or options.

As of June 18, 2019, 59,487,636 ordinary shares are issued and outstanding, which does not include an aggregate of (i) 31,286,368 ordinary shares underlying outstanding warrants that have not been exercised as of such date and (ii) 2,968,433 ordinary shares underlying outstanding convertible promissory notes that have not been converted as of such date (assuming all outstanding principal and interest thereon through such date is converted at the initial conversion price of \$0.90 per share, without regard to any limitations on such conversion).

Ordinary Shares

Voting Rights

Each of holder of our ordinary shares is entitled to receive notice of and to be present, to vote and to speak at general meetings. Subject to any rights or restrictions attached to any shares, on a show of hands each holder of ordinary shares present has one vote and, on a poll, one vote for each fully paid share held, and for each partly paid share, a fraction of a vote equivalent to the proportion to which the share has been paid up. Voting may be in person or by proxy, attorney or representative.

Two shareholders must be present to constitute a quorum for a general meeting and no business may be transacted at any meeting except the election of a chair and the adjournment of the meeting unless a quorum is present when the meeting proceeds to business.

Dividend Rights

Holders of our ordinary shares are entitled to receive such dividends as may be declared by the directors, subject to the preferential dividend rights of the preference shares, if any. If the directors determine that a final or interim dividend is payable, it is (subject to the terms of issue on any shares or class of shares) paid on all shares proportionate to the amount for the time being paid on each share. Dividends may be paid by cash, electronic transfer, or any other method as the board determines.

The directors have the power to capitalize and distribute the whole or part of the amount from time to time standing to the credit of any reserve account or otherwise available for distribution to shareholders. The capitalization and distribution must be in the same proportions which the shareholders would be entitled to receive if distributed by way of a dividend.

Subject to the rules of Nasdaq and the Corporations Act, the directors may pay a dividend out of any fund or reserve or out of our profits.

Variation of Class Rights

The Corporations Act provides that if a company has a constitution that sets out the procedure for varying or cancelling rights attached to shares in a class of shares, those rights may be varied or cancelled only in accordance with the procedure.

The rights attached to our ordinary shares may only be varied with the consent in writing of members holding at least three-quarters of the shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of shares of that class.

Rights of Non-Resident or Foreign Shareholders

There are no specific limitations in the Corporations Act which restrict the acquisition, ownership, or disposal of shares in an Australian company by non-resident or foreign shareholders. The Foreign Acquisitions and Takeovers Act 1975 (Cth) regulates investment in Australian companies and may restrict the acquisition, ownership, and disposal of our shares by non-resident or foreign shareholders.

Preference Shares

As of June 18, 2019, there are no preference shares issued or outstanding. If issued, the preference shares will have such rights and preferences as determined by our board of directors in accordance with our constitution and set forth in the terms of issue for the shares. The following outlines some of the general terms and provisions of preference shares that we may issue from time to time. Additional or different terms of the preference shares will be set forth in the applicable prospectus supplement.

We will file as an exhibit to the registration statement of which this prospectus forms a part, or will incorporate by reference from reports that we file with the SEC, the form of any subscription agreement that describes the terms of the issue of preference shares we are offering before the issuance of the preference shares. The summaries of material provisions of the preference shares are subject to, and qualified in their entirety by reference to, all of the provisions of our constitution and the subscription agreement applicable to a particular issue of preference shares. We urge you to read the applicable prospectus supplements, as well as the complete agreement and constitution that contains the terms of the issue of preference shares.

General

The prospectus supplement relating to a particular issue of preference shares will describe the terms of that issue of preference shares and the price or prices at which we will offer the shares of that issue of preference shares. The description may include:

- the title of the issue of preference shares and the number of shares offered;
- the preferential dividend rate, the terms and conditions relating to the payment of dividends on the preference shares;
- whether the preference shares are redeemable, and the terms and conditions relating to any such redemption;
- whether the preference shares are convertible into ordinary shares, and the terms and conditions relating to any such conversion; and
- any liquidation preference of the preference shares.

Voting Rights

Holders of preference shares generally will have no voting rights except as set forth below. On each matter on which holders of preference shares are entitled to vote, each preference share will be entitled to one vote, or will be entitled to the number of votes specified in the terms of issue for the share.

Preference shares may vote at a general meeting only in the following circumstances: (i) on a proposal to reduce the share capital of the Company, or that would affect the rights attached to the preference share, or to wind up the Company or for the disposal of the whole of the property, business, and undertaking of the Company, (ii) on a proposal to approve the terms of a buy-back agreement, (iii) during the period in which dividends on any preference shares are in arrears, (iv) during the winding up of the Company, and (v) in other circumstances as required by the listing rules of Nasdaq or another exchange that is our primary stock exchange.

Dividend Rights

Holders of our preference shares are entitled to receive a preferential dividend, in priority to the payment of any dividend on the ordinary shares, at a rate (which may be fixed or variable) and on the basis (including whether cumulative or not) decided by our board of directors at the time of issue. Subject to the rules of Nasdaq, the directors may pay a dividend out of any fund or reserve or out of profits derived from any source.

The directors may decide at the time of issue to designate a bonus issue or to capitalize and distribute the Company's profits in favor of the holders of preference shares. The bonus issue, or the capitalization and distribution, must be in the same proportions which the shareholders would be entitled to receive if distributed by way of a dividend.

Conversion and Redemption Rights

The board of directors may decide at the time of issue to designate an issue of preference shares as redeemable. Preference shares may be convertible into our ordinary shares, as and if designated by the board of directors at the time of issue.

Liquidation Rights

In the event of our voluntary or involuntary liquidation, dissolution, or winding up, the holders preference shares may be entitled to participate with the ordinary shares in the profits and assets of the company, and/or may be entitled to payment in priority to the ordinary shares of the amount of any accrued but unpaid dividend or any other additional amount, if and to the extent the directors decide at the time of issue.

Outstanding Warrants

Naked Warrants

As part of the transactions pursuant to which we acquired our wholly owned subsidiaries Bendon Limited and Naked Brand Group Inc. in June 2018, or the “*Transactions*,” we assumed warrants to purchase up to 637,730 ordinary shares, or the “*Naked Warrants*,” which were held by the former Naked Brand Group Inc. stockholders. The exercise price and number of shares covered by the Naked Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole.

PIPE Warrants

Pursuant to our financing plan prior to the consummation of the Transactions, we entered into securities purchase agreements with certain investors for the purchase and sale of warrants to purchase up to an aggregate of 3,880,262 ordinary shares, or the “*PIPE Warrants*.” The PIPE Warrants entitle the holders to purchase ordinary shares at a weighted average exercise price of US\$5.62 per share, subject to adjustment as discussed below. The PIPE Warrants are exercisable at any time for periods of between one and five years.

With respect to warrants to purchase an aggregate of 800,000 ordinary shares, if our ordinary shares are traded, listed, or quoted on any U.S. market or electronic exchange, and the closing per-share sales price of the ordinary shares for any ten (10) consecutive trading days exceeds US\$10.00 (subject to adjustment for forward and reverse splits, recapitalizations, share dividends and the like), then we may call for cancellation of all or any portion of such warrants for which a notice of exercise has not yet been delivered to us, for consideration equal to US\$0.01 per warrant. The right to exercise will be forfeited unless these warrants are exercised prior to the date specified in the call notice. On and after the call date, a record holder of such warrant will have no further rights except to receive the call price for such holder’s warrant upon surrender of such warrant.

Additionally, if the resale of the ordinary shares issuable upon exercise of the PIPE Warrants is not covered by an effective registration statement or an exemption from registration at any time after December 19, 2018, the holder of such warrants shall be afforded cashless exercise rights. In such event, the holder would pay the exercise price by surrendering the warrants for that number of ordinary shares equal to the quotient obtained by dividing (x) the product of the number of ordinary shares underlying the warrants, multiplied by the exercise price of the warrants by (y) the daily volume weighted average price of the ordinary shares on the primary U.S. trading market on which the ordinary shares are then listed or quoted as reported by Bloomberg L.P. on the trading date immediately prior to the date of exercise.

The number of ordinary shares issuable on exercise of the outstanding warrants and exercise price of such warrants may be adjusted in certain circumstances including in the event of a share split, bonus issue, recapitalization, reorganization, merger, or consolidation.

October Warrants

In a private placement completed in October 2018, we offered and sold the October Warrants to purchase 2,200,000 ordinary shares at an exercise price of US\$1.55 per share. The Placement Warrants expire three years from the date of issuance. The exercise price and number of shares covered by the Placement Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole.

March Warrants

In a private placement completed in March 2019, we offered and sold the March Pre-Funded Warrants to purchase 6,869,467 ordinary shares and the March Investment Warrants to purchase 10,784,313 ordinary shares. The March Investment Warrants have an exercise price of US\$0.306 per share and expire five years from the date of issuance. The March Pre-Funded Warrants have an exercise price of US\$0.01 per share and expire five years from the date of issuance. The exercise price and number of shares covered by the March Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole, as well as for subsequent equity issuances occurring prior to the 90th day after the date of this prospectus, subject to certain exceptions. If the exercise price of the March Warrants is higher than the last closing bid price of the ordinary shares, at any time starting 60 days after the date of this prospectus, the March Warrants may be exercised on a cashless basis for a number of shares equal to the Black-Scholes value of the portion of the warrant being exercised (as calculated in accordance with the March Warrants), divided by the closing bid price as of two business days prior to the exercise date (but not less than US\$0.10). The March Warrants may not be exercised to the extent the holder and its affiliates would beneficially own more than 9.9% of our outstanding ordinary shares after such exercise.

Consultant and Other March Warrants

In March 2019, we issued the Consultant Warrants to purchase 1,400,000 ordinary shares, at an exercise price of US\$0.50 of per share, and the Other March Warrants to purchase 4,510,588 ordinary shares, at an exercise price of US\$0.306 per share. The Consultant Warrants and the Other March Warrants expire two years from the date of issuance. The exercise price and the number of shares covered by the Consultant Warrants and the Other March Warrants are subject to adjustment for stock splits, stock combinations and certain other transactions affecting the share capital as a whole.

Warrants Generally

Our warrants may be exercised upon delivery of an exercise notice, duly signed by the warrant holder, accompanied by full payment of the exercise price, in US dollars, in same day cleared funds that will not be reversed, delivered into the Company's bank account, free and clear of any restriction, condition, set-off, deduction, or withholding.

The warrant holders do not have the rights or privileges of holders of ordinary shares and any voting rights until they exercise their warrants and receive ordinary shares. After the issuance of ordinary shares upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

Outstanding Convertible Note

Effective on May 13, 2019, we completed a private placement of the Note for a purchase price of US\$3,000,000, pursuant to the NSPA of even date. Pursuant to the NSPA, the Note was sold with an original issue discount of the US\$300,000 and we paid US\$20,000 of the Noteholder's expenses, which amount was added to the principal balance of the Note. Accordingly, the Note had an initial principal balance of US\$3,320,000. The Note accrues interest at a rate of 10% per annum, compounded daily, and matures on November 13, 2020. The Noteholder has the right to convert the Note into ordinary shares at a conversion price of US\$0.90 per share, subject to adjustment for subdivisions or combinations of the ordinary shares.

Exchange Act Registration; Listing of our Securities

Our ordinary shares are registered under the Exchange Act and trade on Nasdaq under the symbol "NAKD." The last sale price of our ordinary shares on June 18, 2019 was US\$0.27 per share. As of the date of this prospectus, no other class of securities that we may offer hereunder is listed on any national securities exchange or automated quotation system.

Our Transfer Agent

The transfer agent for our ordinary shares is Continental Stock Transfer & Trust Company. The transfer agent and registrar for any issue of preference shares will be set forth in the applicable prospectus supplement.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of ordinary or preference shares or any of the other securities that may be sold under this prospectus, or any combination of these securities. Warrants may be issued independently or together with other securities and may be attached to or separate from any offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between a warrant agent and us. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. The following outlines some of the general terms and provisions of the warrants that we may issue from time to time. Additional or different terms of the warrants and the applicable warrant agreement will be set forth in the applicable prospectus supplement.

We will file as an exhibit to the registration statement of which this prospectus is a part of, or will incorporate by reference from reports that we file with the SEC, the form of warrant agreement that describes the terms of the series of warrants we are offering before the issuance of those warrants. The following summaries of material provisions of the warrants are subject to, and qualified in their entirety by reference to, all of the provisions of the warrant agreement applicable to a particular series of warrants. We urge you to read the applicable prospectus supplements, as well as the complete warrant agreement that contains the terms of the series of warrants.

General

The prospectus supplement relating to a particular issue of warrants will describe the terms of those warrants and the price or prices at which will offer the warrants. The description may include:

- the title of the warrants;
- the aggregate number of warrants offered;
- the designation and/or terms of the securities purchasable upon exercise of the warrants;
- if applicable, the designation and/or terms of the securities that the warrants are issued with and the number of warrants issued with each security;
- if applicable, the date from and after which the warrants and any securities issued with the warrants will be separately transferable;
- the amount and price of securities that may be purchased upon exercise of a warrant;
- the dates on which the right to exercise the warrants commence and expire;
- if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time;
- whether the warrants represented by the warrant certificates or, if applicable, the securities that may be issued upon exercise of the warrants, will be issued in registered or bearer form;
- if applicable, information relating to book-entry procedures;
- if applicable, a discussion of material U.S. Federal income tax considerations
- anti-dilution provisions of the warrants, if any;
- redemption or call provisions, if any, applicable to the warrants; and
- any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Warrant holders will not have the rights or privileges of holders of ordinary shares or any voting rights until they exercise their warrants and receive ordinary shares. After the issuance of ordinary shares upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by shareholders.

DESCRIPTION OF DEBT SECURITIES

Subject to the covenants set forth in the NSPA and the Note (described above), and any covenants in our senior credit facility with BNZ, we may issue debt securities, in one or more series, as either senior or subordinated debt or as senior or subordinated convertible debt. While the terms we have summarized below will apply generally to any debt securities that we may offer under this prospectus, we will describe the particular terms of any debt securities that we may offer in more detail in the applicable prospectus supplement. The terms of any debt securities offered under a prospectus supplement may differ from the terms described below. Unless the context requires otherwise, whenever we refer to the indentures, we also are referring to any supplemental indentures that specify the terms of a particular series of debt securities.

We will issue the senior debt securities under the senior indenture that we will enter into with the trustee to be named in the senior indenture. We will issue the subordinated debt securities under the subordinated indenture that we will enter into with the trustee to be named in the subordinated indenture. The indentures will be qualified under the Trust Indenture Act of 1939. We use the term “debenture trustee” to refer to either the trustee under the senior indenture or the trustee under the subordinated indenture, as applicable. We have filed forms of indentures as exhibits to the registration statement of which this prospectus is a part, and supplemental indentures and forms of debt securities containing the terms of the debt securities being offered will be filed as exhibits to the registration statement of which this prospectus is a part or will be incorporated by reference from reports that we file with the SEC.

The following summaries of material provisions of the senior debt securities, the subordinated debt securities and the indentures are subject to, and qualified in their entirety by reference to, all of the provisions of the indenture applicable to a particular series of debt securities. We urge you to read the applicable prospectus supplements, as well as the complete indenture that contains the terms of the debt securities. Except as we may otherwise indicate, the terms of the senior indenture and the subordinated indenture are identical.

General

We will describe in the applicable prospectus supplement the terms of the series of debt securities being offered, including:

- the title;
- the principal amount being offered, and if a series, the total amount authorized and the total amount outstanding;
- any limit on the amount that may be issued;
- whether or not we will issue the series of debt securities in global form, the terms and who the depositary will be;
- the maturity date;
- whether and under what circumstances, if any, we will pay additional amounts on any debt securities held by a person who is not a U.S. person for tax purposes, and whether we can redeem the debt securities if we have to pay such additional amounts;
- the annual interest rate, which may be fixed or variable, or the method for determining the rate and the date interest will begin to accrue, the dates interest will be payable and the regular record dates for interest payment dates or the method for determining such dates;
- whether the interest is payable in property other than cash, including in securities of ours, or by increasing the principal amount of the debt securities;
- whether or not the debt securities will be secured or unsecured, and the terms of any secured debt;
- the terms of the subordination of any series of subordinated debt;
- the place where payments will be payable;
- restrictions on transfer, sale or other assignment, if any;
- our right, if any, to defer payment of interest and the maximum length of any such deferral period;

- the date, if any, after which, and the price at which, we may, at our option, redeem the series of debt securities pursuant to any optional or provisional redemption provisions and the terms of those redemption provisions;
- the date, if any, on which, and the price at which we are obligated, pursuant to any mandatory sinking fund or analogous fund provisions or otherwise, to redeem, or at the holder’s option to purchase, the series of debt securities and the currency or currency unit in which the debt securities are payable;
- whether the indenture will restrict our ability to incur additional indebtedness, issue additional securities, create liens, pay dividends and make distributions in respect of our capital stock, redeem capital stock, make investments or other restricted payments, sell or otherwise dispose of assets, enter into sale-leaseback transactions, engage in transactions with shareholders and affiliates, or effect a consolidation or merger;
- whether the indenture will require us to maintain any interest coverage, fixed charge, cash flow-based, asset-based or other financial ratios;
- a discussion of any material U.S. Federal income tax considerations applicable to the debt securities;
- information describing any book-entry features;
- provisions for a sinking fund purchase or other analogous fund, if any;
- the applicability of the provisions in the indenture on discharge;
- whether the debt securities are to be offered at a price such that they will be deemed to be offered at an “original issue discount” as defined in paragraph (a) of Section 1273 of the Internal Revenue Code;
- the denominations in which we will issue the series of debt securities, if other than denominations of \$1,000 and any integral multiple thereof;
- the currency of payment of debt securities if other than U.S. dollars and the manner of determining the equivalent amount in U.S. dollars; and
- any other specific terms, preferences, rights or limitations of, or restrictions on, the debt securities, including any additional events of default or covenants provided with respect to the debt securities, and any terms that may be required by us or advisable under applicable laws or regulations.

Conversion or Exchange Rights

We will set forth in the prospectus supplement the terms on which a series of debt securities may be convertible into or exchangeable for our ordinary shares or our other securities. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of our ordinary shares or our other securities that the holders of the series of debt securities receive would be subject to adjustment.

Consolidation, Merger or Sale

Unless we provide otherwise in the prospectus supplement applicable to a particular series of debt securities, the indentures will not contain any covenant that restricts our ability to merge or consolidate, or sell, convey, transfer or otherwise dispose of all or substantially all of our assets. However, any successor to or acquirer of such assets must assume all of our obligations under the indentures or the debt securities, as appropriate. If the debt securities are convertible into or exchangeable for our other securities or securities of other entities, the person with whom we consolidate or merge or to whom we sell all of our property must make provisions for the conversion of the debt securities into securities that the holders of the debt securities would have received if they had converted the debt securities before the consolidation, merger or sale.

Events of Default Under the Indenture

Unless we provide otherwise in the prospectus supplement applicable to a particular series of debt securities, the following are events of default under the indentures with respect to any series of debt securities that we may issue:

- if we fail to pay interest when due and payable and our failure continues for 90 days and the time for payment has not been extended or deferred;
- if we fail to pay the principal, premium or sinking fund payment, if any, when due and payable and the time for payment has not been extended or delayed;
- if we fail to observe or perform any other covenant contained in the debt securities or the indentures, other than a covenant specifically relating to another series of debt securities, and our failure continues for 90 days after we receive notice from the debenture trustee or holders of at least a majority of the aggregate principal amount of the outstanding debt securities of the applicable series; and
- if specified events of bankruptcy, insolvency or reorganization occur.

If an event of default with respect to debt securities of any series occurs and is continuing, other than an event of default specified in the last bullet point above, the debenture trustee or the holders of at least a majority of the aggregate principal amount of the outstanding debt securities of that series, by notice to us in writing, and to the debenture trustee if notice is given by such holders, may declare the unpaid principal of, premium, if any, and accrued interest, if any, due and payable immediately. If an event of default specified in the last bullet point above occurs with respect to us, the principal amount of and accrued interest, if any, of each issue of debt securities then outstanding shall be due and payable without any notice or other action on the part of the debenture trustee or any holder.

The holders of a majority in principal amount of the outstanding debt securities of an affected series may waive any default or event of default with respect to the series and its consequences, except defaults or events of default regarding payment of principal, premium, if any, or interest, unless we have cured the default or event of default in accordance with the indenture. Any waiver shall cure the default or event of default.

Subject to the terms of the indentures, if an event of default under an indenture shall occur and be continuing, the debenture trustee will be under no obligation to exercise any of its rights or powers under such indenture at the request or direction of any of the holders of the applicable series of debt securities, unless such holders have offered the debenture trustee reasonable indemnity. The holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the debenture trustee, or exercising any trust or power conferred on the debenture trustee, with respect to the debt securities of that series, provided that:

- the direction so given by the holder is not in conflict with any law or the applicable indenture; and
- subject to its duties under the Trust Indenture Act of 1939, the debenture trustee need not take any action that might involve it in personal liability or might be unduly prejudicial to the holders not involved in the proceeding.

A holder of the debt securities of any series will have the right to institute a proceeding under the indentures or to appoint a receiver or trustee, or to seek other remedies only if:

- the holder has given written notice to the debenture trustee of a continuing event of default with respect to that series;
- the holders of at least a majority of the aggregate principal amount of the outstanding debt securities of that series have made written request, and such holders have offered reasonable indemnity to the debenture trustee to institute the proceeding as trustee; and
- the debenture trustee does not institute the proceeding, and does not receive from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series other conflicting directions within 90 days after the notice, request and offer.

These limitations do not apply to a suit instituted by a holder of debt securities if we default in the payment of the principal, premium, if any, or interest on, the debt securities.

We will periodically file statements with the debenture trustee regarding our compliance with specified covenants in the indentures.

Modification of Indenture; Waiver

We and the debenture trustee may change an indenture without the consent of any holders with respect to specific matters:

- to fix any ambiguity, defect or inconsistency in the indenture;
- to comply with the provisions described above under “*Description of Debt Securities — Consolidation, Merger or Sale*”;
- to comply with any requirements of the SEC in connection with the qualification of any indenture under the Trust Indenture Act of 1939;
- to add to, delete from or revise the conditions, limitations and restrictions on the authorized amount, terms or purposes of issue, authentication and delivery of debt securities, as set forth in the indenture;
- to provide for the issuance of and establish the form and terms and conditions of the debt securities of any series as provided under “*Description of Debt Securities — General*,” to establish the form of any certifications required to be furnished pursuant to the terms of the indenture or any series of debt securities, or to add to the rights of the holders of any series of debt securities;
- to evidence and provide for the acceptance of appointment hereunder by a successor trustee;
- to provide for uncertificated debt securities in addition to or in place of certificated debt securities and to make all appropriate changes for such purpose;
- to add to our covenants such new covenants, restrictions, conditions or provisions for the protection of the holders, and to make the occurrence, or the occurrence and the continuance, of a default in any such additional covenants, restrictions, conditions of or provisions for an event of default; or
- to change anything that does not materially adversely affect the interests of any holder of debt securities of any series.

In addition, under the indentures, the rights of holders of a series of debt securities may be changed by us and the debenture trustee with the written consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series that is affected. However, unless we provide otherwise in the prospectus supplement applicable to a particular series of debt securities, we and the debenture trustee may make the following changes only with the consent of each holder of any outstanding debt securities affected:

- extending the fixed maturity of the series of debt securities;
- reducing the principal amount, reducing the rate of or extending the time of payment of interest, or reducing any premium payable upon the redemption of any debt securities; or
- reducing the percentage of debt securities, the holders of which are required to consent to any amendment, supplement, modification or waiver.

Discharge

Each indenture provides that we can elect to be discharged from our obligations with respect to one or more series of debt securities, except for specified obligations, including obligations to:

- register the transfer or exchange of debt securities of the series;
- replace stolen, lost or mutilated debt securities of the series;
- maintain paying agencies;
- hold monies or other property for payment in trust;
- recover excess money held by the debenture trustee;
- compensate and indemnify the debenture trustee; and
- appoint any successor trustee.

In order to exercise our rights to be discharged, we must deposit with the debenture trustee money or government obligations (or, if the debt securities are payable otherwise than in cash, we must have made other arrangements satisfactory to the debenture trustee for payment in property other than cash), sufficient to pay all the principal of, any premium, if any, and interest on the debt securities of the series on the dates payments are due.

Form, Exchange and Transfer

We will issue the debt securities of each series only in fully registered form without coupons and, unless we provide otherwise in the applicable prospectus supplement, in denominations of \$1,000 and any integral multiple thereof. The indentures provide that we may issue debt securities of a series in temporary or permanent global form and as book-entry securities that will be deposited with, or on behalf of, The Depository Trust Company or another depository named by us and identified in a prospectus supplement with respect to that series. See “*Legal Ownership of Securities*” for a further description of the terms relating to any book-entry securities.

At the option of the holder, subject to the terms of the indentures and the limitations applicable to global securities described in the applicable prospectus supplement, the holder of the debt securities of any series can exchange the debt securities for other debt securities of the same series, in any authorized denomination and of like tenor and aggregate principal amount.

Subject to the terms of the indentures and the limitations applicable to global securities set forth in the applicable prospectus supplement, holders of the debt securities may present the debt securities for exchange or for registration of transfer, duly endorsed or with the form of transfer endorsed thereon duly executed, if so required by us or the security registrar, at the office of the security registrar or at the office of any transfer agent designated by us for this purpose. Unless otherwise provided in the debt securities that the holder presents for transfer or exchange, we will impose no service charge for any registration of transfer or exchange, but we may require payment of any taxes or other governmental charges.

We will name in the applicable prospectus supplement the security registrar, and any transfer agent in addition to the security registrar, that we initially designate for any debt securities. We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

If we elect to redeem the debt securities of any series, we will not be required to:

- issue, register the transfer of, or exchange any debt securities of that series during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt securities that may be selected for redemption and ending at the close of business on the day of the mailing; or
- register the transfer of or exchange any debt securities so selected for redemption, in whole or in part, except the unredeemed portion of any debt securities we are redeeming in part.

Information Concerning the Debenture Trustee

The debenture trustee, other than during the occurrence and continuance of an event of default under an indenture, undertakes to perform only those duties as are specifically set forth in the applicable indenture. Upon an event of default under an indenture, the debenture trustee must use the same degree of care as a prudent person would exercise or use in the conduct of his or her own affairs. Subject to this provision, the debenture trustee is under no obligation to exercise any of the powers given it by the indentures at the request of any holder of debt securities unless it is offered reasonable security and indemnity against the costs, expenses and liabilities that it might incur.

Payment and Paying Agents

Unless we otherwise indicate in the applicable prospectus supplement, we will make payment of the interest on any debt securities on any interest payment date to the person in whose name the debt securities, or one or more predecessor securities, are registered at the close of business on the regular record date for the interest.

We will pay principal of and any premium and interest on the debt securities of a particular series at the office of the paying agents designated by us, except that unless we otherwise indicate in the applicable prospectus supplement, we will make interest payments by check that we will mail to the holder or by wire transfer to certain holders (or, if the debt securities are payable otherwise than in cash, in accordance with provisions set forth in the prospectus supplement). Unless we otherwise indicate in the applicable prospectus supplement, we will designate the corporate trust office of the debenture trustee in the City of New York as our sole paying agent for payments with respect to debt securities of each series. We will name in the applicable prospectus supplement any other paying agents that we initially designate for the debt securities of a particular series. We will maintain a paying agent in each place of payment for the debt securities of a particular series.

All money or other property we pay to a paying agent or the debenture trustee for the payment of the principal of or any premium or interest on any debt securities that remains unclaimed at the end of two years after such principal, premium, if any, or interest has become due and payable will be repaid to us, and the holder of the debt security thereafter may look only to us for payment thereof.

Governing Law

The indentures and the debt securities will be governed by and construed in accordance with the laws of the State of New York, except to the extent that the Trust Indenture Act of 1939 is applicable.

Subordination of Subordinated Debt Securities

The subordinated debt securities will be unsecured and will be subordinate and junior in priority of payment to certain of our other indebtedness to the extent described in a prospectus supplement. The subordinated indenture does not limit the amount of subordinated debt securities that we may issue, nor does it limit us from issuing any other secured or unsecured debt.

DESCRIPTION OF UNITS

We may offer units comprised of any of the other securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The units may be issued under unit agreements to be entered into between us and a bank or trust company, as unit agent, as detailed in the prospectus supplement relating to units being offered.

We will file as exhibits to the registration statement of which this prospectus is a part of, or will incorporate by reference from reports that we file with the SEC, the form of unit agreement, if any, that describes the terms of the series of units we are offering, and any supplemental agreements, before the issuance of the related series of units. The following summaries of material terms and provisions of the units are subject to, and qualified in their entirety by reference to, all the provisions of the unit agreement, if any, and any supplemental agreements applicable to a particular series of units. We urge you to read the applicable prospectus supplements related to the particular series of units that we may offer under this prospectus, as well as the complete unit agreement, if any, and any supplemental agreements that contain the terms of the units.

The prospectus supplement relating to a particular issue of units will describe the terms of those units and the price or prices at which we will offer the units. The description may include:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;
- a description of the terms of any unit agreement governing the units;
- a description of the provisions for the payment, settlement, transfer or exchange of the units;
- a discussion of material federal income tax considerations, if applicable; and
- whether the units will be issued in fully registered or global form.

LEGAL OWNERSHIP OF SECURITIES

We can issue securities in registered form or in the form of one or more global securities. We describe global securities in greater detail below. We refer to those persons who have securities registered in their own names on the books that we or any applicable trustee, depository or warrant agent maintain for this purpose as the “holders” of those securities. These persons are the legal holders of the securities. We refer to those persons who, indirectly through others, own beneficial interests in securities that are not registered in their own names, as “indirect holders” of those securities. As we discuss below, indirect holders are not legal holders, and investors in securities issued in book-entry form or in street name will be indirect holders.

Book-Entry Holders

We may issue securities in book-entry form only, as we will specify in the applicable prospectus supplement. This means securities may be represented by one or more global securities registered in the name of a financial institution that holds them as depository on behalf of other financial institutions that participate in the depository’s book-entry system. These participating institutions, which are referred to as participants, in turn, hold beneficial interests in the securities on behalf of themselves or their customers.

Only the person in whose name a security is registered is recognized as the holder of that security. Securities issued in global form will be registered in the name of the depository or its participants. Consequently, for securities issued in global form, we will recognize only the depository as the holder of the securities, and we will make all payments on the securities to the depository. The depository passes along the payments it receives to its participants, which in turn pass the payments along to their customers who are the beneficial owners. The depository and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the securities.

As a result, investors in a book-entry security will not own securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository’s book-entry system or holds an interest through a participant. As long as the securities are issued in global form, investors will be indirect holders, and not holders, of the securities.

Street Name Holders

We may terminate a global security or issue securities in non-global form. In these cases, investors may choose to hold their securities in their own names or in “street name.” Securities held by an investor in street name would be registered in the name of a bank, broker or other financial institution that the investor chooses, and the investor would hold only a beneficial interest in those securities through an account he or she maintains at that institution.

For securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the securities are registered as the holders of those securities, and we will make all payments on those securities to them. These institutions pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold securities in street name will be indirect holders, not holders, of those securities.

Legal Holders

Our obligations, as well as the obligations of any applicable trustee and of any third parties employed by us or a trustee, run only to the legal holders of the securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a security or has no choice because we are issuing the securities only in global form.

For example, once we make a payment or give a notice to the holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with depository participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, we may want to obtain the approval of the holders to amend an indenture, to relieve us of the consequences of a default or of our obligation to comply with a particular provision of the indenture or for other purposes. In such an event, we would seek approval only from the holders, and not the indirect holders, of the securities. Whether and how the holders contact the indirect holders is up to the holders.

Special Considerations For Indirect Holders

If you hold securities through a bank, broker or other financial institution, either in book-entry form or in street name, you should check with your own institution to find out:

- how it handles securities payments and notices;
- whether it imposes fees or charges;
- how it would handle a request for the holders' consent, if ever required;
- whether and how you can instruct it to send you securities registered in your own name so you can be a holder, if that is permitted in the future;
- how it would exercise rights under the securities if there were a default or other event triggering the need for holders to act to protect their interests; and
- if the securities are in book-entry form, how the depository's rules and procedures will affect these matters.

Global Securities

A global security is a security that represents one or any other number of individual securities held by a depository. Generally, all securities represented by the same global securities will have the same terms.

Each security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution or its nominee that we select. The financial institution that we select for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, or "DTC," will be the depository for all securities issued in book-entry form.

A global security may not be transferred to or registered in the name of anyone other than the depository, its nominee or a successor depository, unless special termination situations arise. We describe those situations below under "*Special Situations When a Global Security Will Be Terminated.*" As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global security will not be a holder of the security, but only an indirect holder of a beneficial interest in the global security.

If the prospectus supplement for a particular security indicates that the security will be issued in global form only, then the security will be represented by a global security at all times, unless, and until the global security is terminated. If termination occurs, we may issue the securities through another book-entry clearing system or decide that the securities may no longer be held through any book-entry clearing system.

Special Considerations For Global Securities

The rights of an indirect holder relating to a global security will be governed by the account rules of the investor's financial institution and of the depository, as well as general laws relating to securities transfers. We do not recognize an indirect holder as a holder of securities, and instead, deal only with the depository that holds the global security.

If securities are issued only in the form of a global security, an investor should be aware of the following:

- an investor cannot cause the securities to be registered in his or her name, and cannot obtain non-global certificates for his or her interest in the securities, except in the special situations we describe below;
- an investor will be an indirect holder and must look to his or her own bank or broker for payments on the securities and protection of his or her legal rights relating to the securities, as we describe above;
- an investor may not be able to sell interests in the securities to some insurance companies and to other institutions that are required by law to own their securities in non-book-entry form;

- an investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;
- the depositary's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security;
- we and any applicable trustee have no responsibility for any aspect of the depositary's actions or for its records of ownership interests in a global security, nor do we or any applicable trustee supervise the depositary in any way;
- the depositary may, and we understand that DTC will, require that those who purchase and sell interests in a global security within its book-entry system use immediately available funds, and your broker or bank may require you to do so as well; and
- financial institutions that participate in the depositary's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the securities.

There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

Special Situations When a Global Security Will Be Terminated

In a few special situations described below, the global security will terminate and interests in it will be exchanged for physical certificates representing those interests. After that exchange, the choice of whether to hold securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in securities transferred to their own name, so that they will be direct holders. We have described the rights of holders and street name investors above.

Unless we provide otherwise in the applicable prospectus supplement, the global security will terminate when the following special situations occur:

- if the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for that global security and we do not appoint another institution to act as depositary within 90 days;
- if we notify any applicable trustee that we wish to terminate that global security; or
- if an event of default has occurred with regard to securities represented by that global security and has not been cured or waived.

The prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of securities covered by the applicable prospectus supplement. When a global security terminates, the depositary, and not we or any applicable trustee, is responsible for deciding the names of the institutions that will be the initial direct holders.

PLAN OF DISTRIBUTION

We may sell or issue the shelf securities from time to time through any one or more of the following ways:

- through underwriters or dealers;
- directly to purchasers;
- through agents;
- in “at the market” offerings, within the meaning of Rule 415(a)(4) of the Securities Act, to or through a market maker or into an existing trading market on an exchange or otherwise; or
- through a combination of these methods.

Registration of the shelf securities covered by this prospectus does not mean that the securities will be offered or sold.

Shelf securities may be distributed from time to time in one or more transactions at a fixed price or prices, which may be changed; at market prices prevailing at the time of sale; at prices related to such prevailing market prices; or at negotiated prices.

For each offering of securities hereunder, we will describe the method of distribution of such securities, among other things, in the applicable prospectus supplement. The prospectus supplement will set forth the terms of the offering of the securities, including, as applicable:

- the name or names of any agents or underwriters;
- the amount of securities underwritten or purchased by any underwriter;
- the initial public offering price;
- the amounts of any commissions, discounts paid or allowed to any agents or underwriters;
- the proceeds we will receive;
- any other items constituting underwriters’ compensation;
- any discounts, commissions or concessions allowed or paid to dealers;
- the material terms of any agreement with any underwriters or agents; and
- any securities exchanges on which the securities may be listed.

Shelf securities may be offered through underwriters. Any underwriter will be named, and any discounts allowed or other compensation payable to any underwriter will be set forth, in the applicable prospectus supplement. The securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions precedent and the underwriters will be obligated to purchase all of the securities if any are purchased. We may grant the underwriters an over-allotment option under which underwriters may purchase additional securities from us. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for which they may act as agents. Any initial public offering price and any discounts or concessions allowed or paid to dealers may be changed from time to time.

Shelf securities may be offered to purchasers directly or through agents designated by us from time to time. Any agent involved in the offer or sale of the securities will be named, and any commissions or other compensation payable by us to such agent will be set forth, in the applicable prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

Shelf securities may be offered to purchasers through dealers as principals. The dealer may then resell the offered securities to the public at varying prices to be determined by the dealer at the time of resale. The name of the dealer and the terms of the transaction will be set forth in the applicable prospectus supplement.

Shelf securities and resale shares may be offered into an existing trading market for such securities at other than a fixed price. Underwriters, dealers, and agents who participate in any such at-the-market offerings will be named in the applicable prospectus, along with the terms and conditions of any agency, marketing or similar agreement and the commissions payable or other compensation upon sale of the securities.

We may make direct sales of shelf securities through subscription rights distributed to our existing shareholders on a pro rata basis, which may or may not be transferable. In any distribution of subscription rights to our shareholders, if all of the underlying securities are not subscribed for, we may then sell the unsubscribed securities directly to third parties or may engage the services of one or more underwriters, dealers or agents, including standby underwriters, to sell the unsubscribed securities to third parties. Any underwriters, dealers or agents involved in the offer or sale of the securities will be named, and any commissions or other compensation payable by us to such underwriter, dealer or agent will be set forth, in the applicable prospectus supplement.

We may offer shelf securities directly to service providers or suppliers in payment of outstanding invoices.

Any underwriters, broker-dealers and agents that participate in the distribution of the securities may be deemed to be “underwriters” as defined in the Securities Act of 1933, as amended, or the “*Securities Act*.” Any commissions paid or any discounts or concessions allowed to any such persons, and any profits they receive on resale of the securities, may be deemed to be underwriting discounts and commissions under the Securities Act.

Agents and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents or underwriters may be required to make in respect of their liabilities.

We may authorize underwriters, dealers or agents to solicit offers by institutional investors, such as commercial banks and investment companies, to purchase the shelf securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The terms and conditions of these contracts and the commissions payable for solicitation of the contracts will be set forth in the prospectus supplement.

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if such offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, these activities may be discontinued at any time.

Any underwriters who are qualified market makers may engage in passive market making transactions in the securities in accordance with Rule 103 of Regulation M.

Agents and underwriters may be our customers, engage in transactions with us, or perform services for us in the ordinary course of business.

In compliance with guidelines of the Financial Industry Regulatory Authority, or FINRA, the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of any offering pursuant to this prospectus and any applicable prospectus supplement.

Unless otherwise specified in the applicable prospectus supplement, shelf securities offered by us under this prospectus will be a new issue and, other than the ordinary shares, which are listed on Nasdaq, will have no established trading market. We may elect to list any other class or series of securities on an exchange, and in the case of the ordinary shares, on any additional exchange, but, unless otherwise specified in the applicable prospectus supplement, we shall not be obligated to do so. Any underwriters to whom securities are sold for public offering and sale may make a market in the securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities may or may not be listed on a national securities exchange or a foreign securities exchange. No assurance can be given as to the liquidity of the trading market for any of the securities.

All costs, expenses and fees associated with the registration and distribution of shelf securities will be borne by us.
